Government Order No. 3005-55 –Mi. 132-16-1, dated the 16th November 1916, passing orders on the scheme for the development of Local Self-Government in Mysore.

Order No. G. 1277-327—C. B. 5-18-1, dated 19th July 1918.

Mr. S. P. Rajagopalachar is placed on special duty in the Secretariat for a period of six months from the 1st July 1918.

2. His principal work will be to help in the development of the Local Self-Government Scheme so as to ensure rapid progress in carrying out the suggestions dealt with in the Government Order read above. He should devote particular attention, in consultation with Deputy Commissioners, to the formation and development of new Village Panchayats under the amended Local Boards Regulation.

3. He will also prepare details of the scheme for the separation of Judicial and Executive Functions for the Districts of Bangalore and Shimoga in the first instance, and then for the remaining districts, in consultation with the officers concerned. The arrangement already ordered in paragraph 13 of Government Order No. J. 4550-4600—Cts. 312-12-1, dated the 10th May 1918, entrusting the Efficiency Audit Officer with this work, is hereby cancelled.

4. During the aforesaid period, Mr. Rajagopalachar will be designated "Under Secretary on Special Duty" and will work under the orders of the Secretaries concerned, *viz.*, the Chief Secretary and the Revenue Secretary. He will be allowed to draw the local allowance of Rs. 100 per mensem he was drawing when he was Under Secretary on duty with the Dewan.

5. The pay and allowance of Mr. Rajagopalachar while on special duty will be charged to the provision made in the current year's budget for Judicial Reforms.

Government Order No. G. 16084-134—G. M. 644-17-1, dated the 27th May 1918, appointing Mr. K. Chandy, B.A., Excise Commissioner in Mysore, as Director of Civil Supplies in Mysore.

2. Notification No. G. 17072—G. M. 644-17-11, dated the 8th June 1918, appointing Mr. C. Ranganatha Rao Saheb, B.A., B.L., Deputy Director of Commerce, as Deputy Director of Civil Supplies, etc.

Order No. G. 2323-73—P. P. 6-18-10, dated 31st July 1918.

In view of the growth in the volume of work connected with the control of Civil Supplies, Prices, Tanning Materials, etc., Government consider that the Director should be a whole time officer in intimate touch with the various commercial interests in the State. The normal activities of the Commercial Section of the Industries and Commerce Department are calculated to bring that office into close association with merchants and manufacturers and Government consider that there are many advantages in entrusting to that Department the special work that has now to be done in consequence of the conditions created by the War. They are accordingly pleased, in modification of the arrangements made in the orders read above, to appoint Mr. Ranganatha Rao Saheb as Director of Civil Supplies, Controller of Prices and Controller of Tanning Materials, in addition to his duties as Deputy Director of Commerce.

2. The arrangements will, for the present, be temporary up to the end of the current financial year. The extra cost involved will be met by re-appropriation of funds in the budget of the Industries and Commerce Department.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 641, dated the 28th March 1918, from the Secretary, Central Recruitment Committee, re the grant of lands to recruits.

Order No. G. 828-39—Mily. 350-17-2, dated 16th July 1918.

With a view to encourage recruitment to the Military Service in the State, the following instructions are issued in regard to the grant of lands at the disposal of Government, free of upset price, to recruits and men on the active list of the army.

(1) These rules will apply to recruits and men on the active list of the Mysore Imperial Service Troops and the Mysore Horse and to natural born or domiciled subjects of His Highness the Maharaja who are recruits or men on the active list of the British Indian Army and are recruited since the commencement of the present war.

(2) Men who have enlisted whether before or after the outbreak of hostilities in the units specified in Rule (1) will be given preference for purposes of the grant of lands in their own villages or in their taluk, if available or in localities specially set apart for the purpose.

(3) Men newly recruited will be permitted to put in their applications immediately on enlistment and the land for which they apply as defined in Rule (2) above, if available for assignment, will then be set aside and not assigned to any other applicant.

(4) When such a recruit has served for six months, his Commanding Officer will be asked whether his service has been satisfactory, and if his report is favourable, the applicant's prayer will then be granted.

(5) Grants of land under these rules will be free of upset price and will be subject to the condition, which should be entered in the Saguvali Chit and in the village accounts, that the land shall not be sold, mortgaged or otherwise alienated within a period of five years. The grant will be liable to cancellation if the above condition is violated or if the man deserts or is dismissed for misconduct within the said period of five years.

(6) An application from a soldier with less than six months' service at date of application will be treated as in Rules (3) and (4).

(7) In the case of men who have already served for not less than six months as combatants, the application should be submitted through their Commanding Officer and if it is forwarded with his support, the applications will be accorded special preference as in Rule (2).

8. Should a recruit or enlisted soldier be invalided from the Army permanently on account of disablement or sickness contracted during the war, his application if supported by his Commanding Officer will receive preference as in Rule (2). The condition as to rendering at least six months' service need not be insisted on in such cases.

(9) When more applications than one are made for the same land, the earlier in date will receive consideration and when they are made on the same date, it will be granted to the applicant who is considered the most deserving of all the applicants.

(10) The concessions contemplated in these rules are confined to applications from recruits or soldiers themselves and do not extend to applications from their relatives or their wives, but in the case of a soldier dying on active service an

application from his widow or nearest heir, if supported by the Commanding Officer of the deceased soldier's unit will be treated as in Rule (2).

(11) Grants under these rules may be made under the orders of the Deputy Commissioners of Districts concerned whose powers of grant to each applicant will be limited to 3 acres of wet land or 8 acres of dry land in extent or Rs. 100 in upset value, as a maximum. The maximum area should, however, only be granted in special cases and for special reasons. Assignments proposed in excess of the maximum should be submitted for the sanction of the Revenue Commissioner.

(12) Lands granted under these rules will be held free of assessment for a period of two years from the date of grant and will be subject to full assessment thereafter, except where the grantee is on active service at the front when full assessment will be leviable only after his return therefrom.

(13) Lands specially reserved for distribution under the Military Settlement Scheme in Government Order No. G. 3512-15—Mily. 172-15-17, dated 12th September 1917, will not be available for grant under these rules, but no soldier if duly qualified, shall be debarred from obtaining lands under both sets of rules.

2. The Revenue Commissioner is requested to reserve an adequate extent of lands suitable for grant under these rules out of unoccupied lands including gomal and kharab lands, and an area of about 40,000 acres out of the Amrut Mahal kavals surrendered to the Revenue Department in different localities.

Wound Pensions to Local Troops and Injury Pensions to the individuals of the Imperial Service Troops.

No. G. 924-6 Mily. 98-15-12, dated 16th July 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 924-6—Mily. 98-16-12, dated 16th July 1918.

Government are pleased to direct that claims—

(i) to wound pensions on behalf of Non-Commissioned officers and men of the Mysore Horse and the Infantry Regiments and

(ii) to injury pensions on behalf of the individuals of the Imperial Service Troops,

be admitted on the present scale provided the claims are made within five years from the date of injury and are supported—

application from his widow or nearest heir, if supported by the Commanding Officer of the deceased soldier's unit will be treated as in Rule (2).

(11) Grants under these rules may be made under the orders of the Deputy Commissioners of Districts concerned whose powers of grant to each applicant will be limited to 3 acres of wet land or 8 acres of dry land in extent or Rs. 100 in upset value, as a maximum. The maximum area should, however, only be granted in special cases and for special reasons. Assignments proposed in excess of the maximum should be submitted for the sanction of the Revenue Commissioner.

(12) Lands granted under these rules will be held free of assessment for a period of two years from the date of grant and will be subject to full assessment thereafter, except where the grantee is on active service at the front when full assessment will be leviable only after his return therefrom.

(13) Lands specially reserved for distribution under the Military Settlement Scheme in Government Order No. G. 3512-15—Mily. 172-15-17, dated 12th September 1917, will not be available for grant under these rules, but no soldier if duly qualified, shall be debarred from obtaining lands under both sets of rules.

2. The Revenue Commissioner is requested to reserve an adequate extent of lands suitable for grant under these rules out of unoccupied lands including gomal and kbarab lands, and an area of about 40,000 acres out of the Amrut Mahal kavals surrendered to the Revenue Department in different localities.

6 Correspondence ending with letters Nos 414, dated 2nd June 1917, and G. 369, dated 28th April 1917, from the Senior Surgeon in Mysore, forwarding proposals with a proposition statement for the re-organisation of the Medical Department

Order No. G. 679-80—Med. 69-16-4, dated 13th July 1918.

The Medical Department was reorganised in the year 1897 with a view to improve the pay and prospects of Medical Officers with due regard to the requirements of the department at that time Since then, though slight modifications have been ordered from time to time in regard to the status and prospects of Medical Officers in the higher grades, their emoluments have not been improved to any appreciable extent, as a result of which it has often been found necessary to grant allowances of a special kind which are more or less compensatory for the absence of an easy flow of promotion. In order to increase the efficiency of the Department and to secure reasonable prospects to the members of the various grades constituting it, Government consider that it is not only necessary to add to the number of superior officers to the extent called for by present requirements but also to revise the scale of pay of the several grades, making the medical branch of the Public Service attractive for obtaining efficient recruits. The Medical Department will accordingly be reorganised as follows:—

(1) *Surgeons.*—Excluding the Senior Surgeon, there are at present seven Surgeons, 1 Specialist and one Officer (Mr. C. A. Nanjappa) in a special grade. Several responsible charges which should ordinarily be placed under Surgeons are now being held by Assistant Surgeons owing to the limited number of Surgeons and also to the fact that the Surgeons' charges have not been definitely determined. A list of these charges has now been drawn up in consultation with the Senior Surgeon and is shown as Appendix I to this order. The number of specialists being few, separate grade for them is considered unnecessary and this will be abolished, the officers being included among Surgeons. The number of Surgeons will accordingly be increased to 16 and distributed among the several grades as shown in the margin.

Grade. Surgeon.	No	Pay.
1st Class	1	800-$\frac{50}{1}$-900
2nd „	2	700-$\frac{50}{1}$-800
3rd „	3	550-$\frac{50}{1}$-700
4th „	3	500
5th „	3	450
6th „	4	400

No. G. 679-80—Med. 69-16-4, dated 13th July 1918.

(*a*) Promotion to and in the grade of Surgeons will be by selection and according to merit.

(*b*) The Senior Surgeon will submit proposals for placing the present officers in the new grades taking into consideration their present emoluments, and also recommendations for filling up the additional appointments among Surgeons.

(ii) *Assistant Surgeons.*—The sanctioned scale of Assistant Surgeons is, at present, 29 permanent and 1 temporary for the Krishnarajasagara Works. This number has been represented to be inadequate and requires an increase to meet the requirements of certain important stations in the State, which on account of their situation or population necessitate the posting of Assistant Surgeons to the dispensaries situated in them. A list of all charges to which Assistant Surgeons have to be posted is given in Appendix II and in accordance therewith the number of this class of officers will be increased to 34 permanent and 1 temporary for Krishnarajasagara Works. The grade of Honorary Assistant Surgeons will be abolished, the present incumbents in this grade being absorbed in the cadre of Assistant Surgeons. In future, two of the appointments in the grade of Assistant Surgeons, will be reserved for and filled up by Sub-Assistant Surgeons of exceptional merit and attainments. The present arrangement of having seven different classes among Assistant Surgeons rising from one class to the next higher by triennial increments will be done away with and the Assistant Surgeons will be placed in two grades as follows: –

1st grade	....	..	... 16 on Rs. 200—20—300
2nd grade	....	....	.... 18 on Rs. 120—10—200

This will enable each officer of the class of Assistant Surgeons to reach the maximum in the course of about 16 years on rendering approved service. The Senior Surgeon will be requested to submit proposals for fixing the starting pay of each of the existing Assistant Surgeons in the new grades.

(iii) *Medical Graduates.*—There are at present 13 graduates working in the department as Sub-Assistant Surgeons, but it is desirable to place them in a separate class by themselves. The number of graduates that may be entertained in the department at any time will be limited to 9 in future. It is hoped that this number will be found sufficient for recruitment to higher offices, since the number of higher appointments is only 50 and some of these will invariably be filled by specially qualified men admitted direct to the higher grades. The pay of the medical graduates will be Rs. 80-$\frac{5}{2}$-100. Such of the existing graduates as cannot be absorbed in the scale of Assistant Surgeons or the new scale of medical graduates will be treated as Supernumeraries on a fixed pay of Rs. 80.

(iv) *Lady Apothecaries.*—The present number of Lady Apothecaries, *viz.*, 10 will be retained but their pay will be raised from Rs. 75-$\frac{2}{5}$-150 to Rs. 75-$\frac{5}{4}$-200.

As the qualifying tests for Apothecaries has been abolished, and women with this qualification are not likely to be available for employment in future, vacancies arising in this grade will be filled by Lady Medical Graduates appointed as Assistant Surgeons, the strength of the latter being increased by a corresponding number.

(v) *Sub-Assistant Surgeons.*—With a view to better, as far as possible, the pay and prospects of Sub-Assistant Surgeons so that they may bear more favourable comparison with those of similar officers in the adjoining British Presidencies, the proposals made by the Senior Surgeon for the revision of their scale as detailed below are approved:—

Senior Sub-Assistant Surgeons	....	.... 6 on Rs. 90
Do do	....	.... 12 on Rs. 80
Sub-Assistant Surgeons	....	....172 on Rs. 35-$\frac{5}{2}$-65
and after 20 years' service	....	.... Rs. 65-$\frac{5}{4}$-70

(vi) *Passed Medical Pupils.*—The number of medical pupils in the department should at no time exceed 30. Their pay will be raised to Rs. 30.

No. G. 679-80—Med. 69-16-4, dated 13th July 1918.

2. *Allowances.*—Having regard to the fact that the number of officers in the higher grades of the department has been increased and their emoluments appreciably improved, the necessity for continuing such allowances as 'Personal' and 'Charge allowances' except in the case of Sub-Assistant Surgeons cease to exist. The marginally noted allowances which are granted with reference to the costly nature or unhealthiness of certain localities in the State or for arduous or additional work devolving on officers specially deputed for the purpose or for loss of private practice will however be continued. The Senior Surgeon is requested to submit a list of places and charges to which these allowances may be sanctioned and the amount of the allowance to be granted in each case.

1. Local allowance such as (*a*) Resident Medical Officers' allowance, (*b*) Allowance to Personal Assistant to Senior Surgeon, Sivasamudram and Krishnarajasagara Works.
2. House rent allowance now in force.
3. Special allowance, *i.e.*, for Palace duty.
4. School allowance.
5. Jail allowance, Mysore.
6. Ambulance allowance.
7. X. Ray allowance.

3. With a view to make the Women's branch of the medical service more attractive, Government are further pleased to sanction the following scale of allowances which will not be absorbed on increase of pay and will be drawn in addition to any other allowance that may be ordinarily admissible.

1. Lady Surgeons Rs. 50 per mensem.
2. Lady Assistant Surgeons or Apothecaries Rs. 30 per mensem.
3. Lady Sub-Assistant Surgeons Rs. 15 per mensem.

4. *Financial aspect.*—The financial effect of the foregoing proposals will approximately be an increase of recurring cost of Rs. 6,645 per mensem or roughly Rs. 80,000 per annum.

5. *General.*—Government hope that the arrangements now sanctioned will effectively meet the requirements of the department for some years to come. The Senior Surgeon is requested to submit early proposals for the allocation of the existing Surgeons and Assistant Surgeons in the new grades giving effect to the revision from the 1st January 1918.

No. G. 1919-30—San. 15-18-8, dated 25th July 1918.

RULES TO REGULATE THE SANITARY INSPECTION OF TOWNS AND CITIES BY THE SANITARY COMMISSIONER.

1. As a general rule, every town in the State should be inspected by the Sanitary Commissioner at least once every two years. Where, however, a town is especially backward in sanitation and appears to require special attention, it may be inspected as frequently as necessary irrespective of the prescribed interval of two years.

2. The items of inspection should be as comprehensive as possible including, among other things, a detailed examination in respect of the following :—

(*a*) Efficiency of the registration of vital statistics.

(*b*) Methods adopted, facilities provided and adequacy or otherwise of funds annually allotted for the control of epidemics.

(*c*) Suitability, with reference to local needs and conditions of existing bye-laws in force under the various health clauses of the Municipal Regulation, the extent to which these bye-laws are put into practical use and the need, if any, for modifying or making additions to them.

(*d*) The precise health condition of the town as revealed by the recorded vital and dispensary statistics and as relavent to measures of sanitary improvement considered necessary.

(*e*) Principal defects in drainage, water-supply and housing conditions and

(*f*) any other item of a sanitary nature in regard to which it is desirable that the local body should take action.

3. In case the visit to a town is undertaken with a specific object such as the inspection of the suitability of the measures being carried out to suppress outbreaks of epidemics or for giving sanitary advice in particular matters at the request of the President of the Municipal Council, the inspection need only be confined to the specific purpose in view.

4. When the town inspected happens to be a district headquarter, the inspection of the office of the District Sanitary Officer is a matter that should receive attention. In so far as the registration of vital statistics is concerned, it is open to the Sanitary Commissioner to inspect the branch in the district or the taluk office entrusted with the work.

5. Generally, an enquiry into how far the rules issued by Government from time to time to ensure better sanitary conditions in local areas, are being followed should form an important part of the routine inspections by the Sanitary Commissioner.

6. The Sanitary Commissioner should inspect the local conservancy and other sanitary staff to see whether the staff is adequate, whether the equipment provided answers requirements, whether rules if any have been framed allotting duties to the staff and to ensure that they are effectively carried out, and whether such duties are exclusively those pertaining to sanitation.

7. Before an inspection visit, intimation should be given to the Deputy Commissioner who will depute the Amildar or other responsible officer to be in attendance on the Sanitary Commissioner during his inspection to afford him such help or information as he may require.

8. The notes of inspection should be systematically recorded in the Sanitary Commissioner's Office in a special register which should be maintained separately for each district. These registers will be standing records of the health conditions of every local area and the nature of the improvements recommended from time to time.

9. Within one month of the date of inspection the results of inspection should be communicated to the President of the Municipal Council or other local authority concerned. Such communications will usually be in the form of letters each important subject or recommendation being dealt with separately to facilitate consideration by the Municipal Council and arriving speedily at a decision of the action to be taken. The items of minor importance may be brought together in the form of a statement, detailing the defects noticed and the remedies suggested. The Municipal Council shall within two months of the receipt of the communication consider the proposals and furnish the Sanitary Commissioner with a copy of the resolution or information as to the nature of the action taken.

Dated—the 10th April 1918.

[*Reference.*—G. O. No. 101, Judicial of 12th January 1916, and G. O. No. 1074, Home (Miscellaneous) of 21st September 1917.]

I have the honour to inform you that Magistrates issuing warrants governed by the above Government orders for service in the Mysore State, have hitherto addressed the warrants to the Mysore State Magistrate in whose jurisdiction the defaulter is said to reside, and have remitted the dieting fees levied in Mysore State for the service of warrants, direct to that Magistrate, endorsing on the face of the warrant the date on which the dieting fees were remitted.

The Government of His Highness the Maharaja of Mysore have recently passed an Order which follows the abovementioned Government orders of the Government of Madras, in which it is laid down that warrants shall be addressed to the District Superintendent of Police concerned and sent through the Officers of this department.

I have further the honour to inform you that we have experienced difficulty and delays in getting dieting fees refunded or transferred from one Mysore Court to another, when the defaulter has changed his residence, these delays causing the period allowed for the service of warrants to lapse, and having to get them renewed entails extra work for all concerned.

In order to save time and facilitate business, I have the honour to request that Magistrates in the Madras Presidency may be instructed when issuing warrants to which the two Government orders quoted above apply, for service in the Mysore State.

(1) To address them to the District Superintendent of Police concerned.

(2) To send them to the Superintendent of the Labour Department, United Planters' Association of Southern India, Incorporated, Mysore.

(3) To remit the dieting fees to the Superintendent of the Labour Department entering the date of remittance on the face of the warrant.

No. G. 1626-34—Cts. 225-17-2, dated 22nd July 1918.

The Superintendent of the department, on locating the warrantee, will then pay the dieting fees to the proper Court and follow the procedure already laid down.

Order No. 419, Home Miscellaneous, dated 4th May 1918.

In partial modification of the orders in paragraphs 2 and 4 of G.O. No. 1074, Home (Miscellaneous), dated the 21st September 1917, the Government approve the procedure suggested by the Director of the Labour Department of the United Planters' Association of Southern India, Bangalore, in his letter read above. The Magistrates concerned are requested to adopt the procedure in issuing warrants of arrest for service in the Mysore State under the Madras Planters' Labour Act, 1903, and the Workman's Branch of Contract Act, 1859.

Publicity Board.

No. G. 1062-112—G. M. 668-17-2, DATED 17TH JULY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 1062-112—G. M 668-17-2, dated 17th July 1918.

The Government of His Highness the Maharaja consider that there is urgent need for the adoption of measures on a larger scale than at present, for the development of War propaganda, for the dissemination of accurate news of the course of the War and contradiction of mischievous rumours and reports and for the publication of advertisements and notices impressing upon the public the need for increased supplies of men and money for War purposes and the imperative necessity for their affording assistance in every way possible.

2. In Britsh India, Publicity Committees are being formed for doing such work but Government consider that here the duties referred to above may well be assigned to the Central Recruitment Committee which is already engaged in work connected with the War. The said Committee will be treated as the Publicity Committee for Mysore.

3. For the dissemination of correct news the Committee may avail itself of the assistance of the officers of the Education Department.

4. To carry out efficiently the objects in view, cinema exhibitions, circulation of newspapers, delivery of lectures and the posting of large bills may, among other means, prove useful.

5. Arrangements will be made for the Central Recruitment Committee corresponding direct with the Central Publicity Committee at the headquarters of the Government of India to obtain information as to the activities of similar Committees in other provinces and allied matters.

6. The Central Recruitment Committee is requested to submit an estimate of the probable cost, recurring and non-recurring, required to work out a scheme designed to meet the objects indicated above.

Letter dated 7th September 1917, from Rajasabhabhushana Dewan Bahadur K. P. Puttanna Chetty, Esq., C.I.E., President, Shanbhogs' Conference, Bangalore, submitting for favourable consideration a copy of the Resolutions passed at the Conference which met on the 30th and the 31st August and 1st and 2nd September 1917, at Gavipuram. (Printed as an accompaniment.)

2. Letter No D. Dis. 787—Gl., dated 28th January 1918, from the Revenue Commissioner in Mysore, furnishing his opinion in regard to each of these resolutions.

Order No. R. 760-809—L. R. 217-17-4, dated 10th July 1918.

Government have carefully considered the various proposals put forward and are pleased to order as follows:—

1. With regard to the revision of the potgi (Resolution I) Government observe that the question deserves consideration and separate orders will issue in due course after further investigation.

As regards the suggested change in the form of address (Resolution II) Government agree that not only shanbhogs but also patels as heads of villages should be addressed by subordinate officers of other than the Revenue Department drawing salary of less than Rs. 50 by means of yadis and not hukums.

With reference to Resolution III the attention of all Revenue Officers may be drawn to Rules 9 and 10 of the Village Offices Regulation, which require that explanation should invariably be obtained and recorded before any punishment is given; and strict compliance with these rules may be insisted upon.

The resolution of the Conference (No. IV) that at least one of the village servants should be deputed for work under the Shanbhog, is approved, subject to the condition that this does not clash with the performance of the other duties of these functionaries. In case of dispute, the Amildar may issue such orders as may be necessary in the interests of public work.

As regards Resolution V, Government find no necessity to amend the existing rule according to which there should be one officiator for each circle. If in any individual case, it works hardship, the remedy lies in amalgamating 2 or 3 small firkas. Each case will have however to be considered on its merits and no general rule can be passed.

The Revenue Commissioner is requested to submit proposals for suitably increasing stationery allowance to Shanbhogs (Resolution VI). In this connection the question of simplifying and reducing the number of the village accounts and supplying printed forms may be considered.

As regards the seventh and last resolution, Government are aware that Shanbhogs are sometimes needlessly summoned to the Taluk Cutcherry, or detained longer than necessary. If the Amildar and Shekdars take full advantage of the opportunity afforded by their tours to examine the village accounts on the spot, the occasions for summoning Shanbhogs to the Taluk Cutcherry would be very few. The Revenue Commissioner is requested to fix in consultation with the Deputy Commissioners, the occasions on which the Shanbhogs' attendance at the Taluk Cutcherry, would be absolutely necessary. Endeavours should be made to send them back as quickly as possible. In any case they should not be detained longer than three days at a time.

MYSORE PROVINCIAL SHANBHOGS' CONFERENCE.

(Second Year.)

Resolution No. I.—That Government be requested to revise the Potgi as follows:—

6 per cent on the 1st 1,000 Rupees,
5 per cent on the 2nd 1,000 Rupees,
4 per cent on the 3rd 1,000 Rupees,
3 per cent on the 4th 1,000 Rupees,
2 per cent on the 5th 1,000 Rupees, and upwards on the *gross* revenue of the village.

The above remuneration to cover all the items of work devolving on the Shanbhog.

Resolution No. II.—That subordinate taluk officers in all the Departments be directed to address the Shanbhogs by *Yadi* and not *Hukum*.

Resolution No. III.—That Shanbhog should not be punished for unsatisfactory collection work where it is not his fault. According to the rules the collection work devolves on the Patel with whom Shanbhog should co-operate.

Resolution No. IV.—That Patels and village servants be directed to afford necessary assistance to the Shanbhogs in the performance of their duties. Where there a Talari and a Toti, one of them to be deputed for duty with the Shanbhog.

Resolution No. V.—That the present rule that there should be one officiator for each circle causes hardship and should be altered so that a barawardar shanbhog may be in charge of more circles than one if he is capable of managing them.

Resolution No. VI.—That the allowance for stationery be increased, the present scale having been fixed in 1898, as the prices of stationery articles have gone very high and the number of accounts to be rendered has been increased.

Resolution No. VII.—That the occasions and the period for which the Shanbhog's attendance is required at the Taluk Cutcherry be prescribed and that for attendance on other extra occasions travelling allowance be granted to them.

Resolved.—That the above resolutions be submitted to the Government of His Highness the Maharaja of Mysore over the signature of the President of this Conference.

Order No. R. 944-53—L. R. 387-16-5, dated 13th July 1918.

The question of the re-organisation of the Revenue Department in all its branches to suit present needs, has been engaging the active consideration of Government for some time past. It was urged on the attention of Government by the following representation made at the Dasara Representative Assembly of 1916.

"The Revenue Department is the mainstay of the Government; but the pay and prospects of the officials and menials of all grades are very low. In almost every other department, the pay and prospects have recently been improved. As the welfare of the people, and the usefulness of other departments of Government depend to a large extent on the Revenue Department, the scale of pay in all the grades in this department may be revised." (Subject No. 56 of the list of representations in the Assembly of 1916.)

A case for revision was also made out by the Revenue Commissioner in the Administration Report of the Revenue Department for the year 1915-16 in reviewing which, Government promised to duly consider any reasonable proposals for necessary revision in the scale of establishments so as to make service in the Department attractive and its work more efficient.

2. Certain proposals were thereupon, at the direction of Government, submitted by the Revenue Commissioner which have received careful consideration. The Government have also examined independently, the work of the Revenue Department in detail, and the establishments in each grade and consider that a re-organization of the Taluk Office Establishments is in the first place urgently called for. As the first instalment of reform, they are pleased to issue the following orders.

3. The complaint with regard to these establishments is that they are not only poorly paid but undermanned. The present strength of these establishments was fixed so far back as 1897, since which date, with the introduction of new activities

No. R. 944-53—L. R. 387-16-5, DATED 13TH JULY 1918.

in several directions and the substantial increase in the normal work on account of the growth of population, expansion of cultivation, increase in the total demand for collection, and other causes, the Taluk Offices have, as now constituted, been unable to cope with the heavy and responsible work entrusted to them. The subsequent revision that took place 16 years later, *i.e.*, in 1913, did not affect the strength of these establishments but improved the pay and prospects of a part of the establishment.

4. The Revenue Commissioner's proposals briefly are :—

(i) To increase the total number of hands by 146 at the rate of two clerks for each of the Taluk Offices, Bangalore and Mysore, getting three extra, or 5 additional hands and Shimoga and Hassan two extra, or 4 additional hands.

(ii) To increase the pay of Head Gumastas, Head Munshis and Gumastas by Rs. 5.

(iii) To fix the minimum pay of the lowest ministerial appointment in a Taluk Office at 15—1—20.

(iv) To increase the pay of the Daffedars to Rs. 10 and to fix the pay of peons at Rs. 7, 8, 9, two peons in each taluk getting Rs. 9 and of the rest, one half getting Rs. 8 and the other half, Rs. 7, the total number of peons remaining the same.

(v) To provide three grades of Taluk Sheristedars on Rs. 50, 60 and 70 instead of two on 50 and 60.

(vi) To increase the pay of Shekdars from Rs. 25, 30 and 35 to Rs. 30, 35 and 40.

(vii) To increase the pay of Amildars to Rs. 200, 250 and 300 and to give them the same travelling allowances as are admissible to officers of corresponding grades in other departments.

5. Government have carefully considered these proposals and are pleased to sanction them to the extent and subject to the modifications specified below :—

6. With reference to the proposed strengthening of the Taluk ministerial establishments, Government consider it desirable, instead of increasing the number of hands in every Taluk Office uniformly by two, to allocate the extra hands according to the requirements of each office. The Taluk offices are now divided into three classes for purposes of establishment, eighteen being placed in the first class, twenty-one in the second class, and twenty-nine in the third. Each 2nd class taluk has one Deputy Gumasta, and each 1st class taluk, one Gumasta and one Deputy Gumasta, more than a third class taluk which consists of 12 hands inclusive of the Sheristedar (1), the Head (1) and Deputy Munshis (1), the Head (1), Revenue (3), Judicial (1), Nagadi (1) and Deputy (1) Gumastas, Shroff (1) and Record-keeper (1). The classification was made more than 20 years ago, and whatever may be the grounds on which it was then based, it now stands in urgent need of revision with reference to present requirements. Chiefly on the basis of land revenue demand, and secondly on the ground of area, population and other considerations, the taluks will be reclassified as shown in Appendix A into 18 1st class taluks, 26 2nd class, and 24 3rd class taluks. Leaving out of account the Nagadi Gumasta, Shroff and Gollars and also the Judicial Gumasta and Record-keeper whose cases will be dealt with in connection with separate schemes under consideration and following the principle, firstly, of doing away with incremental pay in subordinate grades as approved of by Government and secondly, of raising the minimum pay of a Taluk Gumasta to Rs. 20, the standard Revenue Establishment for a third class taluk exclusive of the Sheristedar will be as as follows:—

	Rs.
1 Head Gumasta on	35
1 Head Munshi on	30
1 Deputy Munshi on	20
2 Gumastas on	25
3 Gumastas on	20

A 2nd class taluk will have two more Gumastas, one on Rs. 25 and the other on Rs. 20, and a 1st class taluk three more, two on Rs. 25 and one on Rs. 20 than a 3rd class taluk.

No. R. 944-53—L. R. 387-16-5, DATED 13TH JULY 1918.

The pay of the Nagadi Gumasta, Shroff, Gollars, Judicial Gumasta, and Record-keeper will be separately dealt with in connection with the scheme for the provincialisation of the Treasury staff and the scheme of Judicial reforms. The pay of Dafterband will, however, be raised from Rs. 9 to Rs. 10.

7. As regards the menial establishment, Government observe that the existing number of menials in taluks in Mysore is about 50 per cent more than in the taluks of Bombay. It is understood that in some districts the objectionable system exists of deputing taluk peons to work in the District or Sub-Division Offices which shows that the number of Taluk peons is in excess of requirements. There are, besides, a large number of peons working as clerks in each Taluk Office under the dignified name of junardars. When additional gumastas are provided, these peons will be set free to attend to their legitimate duties. Taking all aspects of the case into consideration, Government are of opinion that the present strength of the Taluk Menial Establishment may safely be reduced by at least two peons in each office and they are pleased to order accordingly. The savings thereby effected will be utilised in giving increase of pay to the remaining menials as shown in the appendix. The Revenue Commissioner is requested to see that the irregular practice followed in some instances of utilising the menial staff in purely domestic duties is put a stop to.

8. Government are pleased to approve of the Revenue Commissioner's proposals regarding the Taluk Sheristedars. The number of Sheristedars in the revised grades will be as follows:—

	Rs.	No.
1st Grade ...	... 70	16
2nd Grade ...	... 60	24
3rd Grade ...	... 50	28

9. As regards Amildars, Government consider it sufficient for the present to increase the number of appointments in the first two classes from 8 and 14 to 12 and 15, respectively, so as to afford better chances of promotion, the number in the last class being reduced correspondingly. The Amildars and Deputy Amildars will be given travelling allowance at the enhanced rate of Rs. 2 and 1½ per diem respectively when travelling within their jurisdiction, against the existing uniform rate of Re. 1 per day.

10. Pending reconstitution of Hobli charges about which proposals have been called for separately, Government are pleased to approve of the Revenue Commissioner's proposals to raise the pay of Shekdars from Rs. 25, 30 and 35 to 30, 35 and 40, the number in each grade remaining unchanged. The benefit of the revised scale will however be given only to those who have duly qualified themselves by undergoing training under the new scheme. The question of opening a separate school under the control of the Revenue Department for the training of the future recruits to one Kadre is engaging attention separately.

11. The financial effect of the proposal now sanctioned will be an increase in the recurring expenditure of Rs. 84,319-4-5 per annum as detailed in the accompanying proposition statements.

12. These changes will come into force from 1st July 1918.

13. Government hope that with the additional strength and increase of pay now sanctioned, the Taluk Offices will be better equipped and more efficient in all departments of work and be able to show a tangible improvement in the near future.

Letter No. C. 3327, dated 21st March 1917, from the Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

Referring to your letter No. R. 8714—L. R. 387-16-2, dated the 17th February 1917, requesting my opinion on Representative Assembly Subject No. 56 of 1916-17, regarding the increase of pay of the officials of the Revenue Department, I have the honor to state as follows:—

The question is not one of mere increase of pay but of strengthening the staff as well.

The inadequacy of the existing staff in the District Offices and more especially in those of Bangalore and Mysore is a matter of common knowledge. The practice prevails in all Revenue Offices of employing Junardars—a dignified synonym for 'literate peon'—for clerical work and it has provoked strong and not undeserved criticism in the Representative Assembly, the Public Press and inspection notes of Members of Government. All the Sub-Division Offices and Taluk Offices are undermanned with the result that work suffers and

No. R. 944-53—L. R. 387-16-5, DATED 13TH JULY 1918.

efficiency is impaired. Two more clerks are required in each District Office, one more in each Sub-Division Office and two more in each Taluk Office. The District Offices of Bangalore and Mysore have to be given three extra hands in addition. The Taluk Offices of Bangalore, Mysore, Shimoga and Hassan are particularly heavily worked and three extra hands for Bangalore and Mysore and two extra for Shimoga and Hassan are necessary in addition to the general increase.

A mere increase in establishment will not of course suffice. The quality of recruits offering for employment in this Department is steadily lowering owing to increased work here and improved prospects elsewhere. The clerk in the Revenue Department, unlike clerks in some other Departments has to acquaint himself not only with Revenue law and procedure but also with the principles and practice of accounts, the criminal and stamp laws, the laws relating to Civil Procedure, limitation and the registration of documents, local and municipal laws, rules and account codes and has besides to post himself with an up-to-date knowledge of standing orders of Government in almost all Departments.

In Madras, the minimum pay of a clerk in the Taluk Office is Rs. 20 and officials corresponding to shekdars draw up to Rs. 50 in Madras and Bombay. The Taluk Sheristadars draw Rs. 70 and Rs. 80 in Madras and similar officers in Bombay draw from Rs. 50 to Rs. 90. The Chief Clerks in the Sub-Division and District Offices draw Rs. 70 and Rs. 150 respectively. Above all, in both these provinces the Taluk Executive Heads (Tahsildars and Mamlatdars) are drawn mainly, if not wholly from the subordinate staff and even those sent from central offices start in the lower grades and have to rise to the Tahsildari by dint of hard work in the Revenue Department. These combine to attract superior men to the Revenue Department there.

In Mysore, on the contrary, the claims of the Revenue Department for improvement in pay and prospects have not received their due share of attention. In 1882-83, when the Land Revenue and other items collected by the Revenue Department amounted to 77 lakhs of rupees, the expenditure on District, Sub-Division and Taluk Establishments stood at 7·32 lakhs. In 1916-17, with collections exceeding a crore and eight lakhs, these establishments get only 8·52 lakhs. During the same period, the cost of the Secretariat has risen from 88,000 to 3,38,500 of the Comptroller's office from 36,746 to 1,55,400 and of the Direction and Inspection branches of the Education Department from 21,428 to 2,10,900. In the result, the personnel of the Revenue Department is deteriorating.

It is urgently necessary to revise the scales of pay in a liberal spirit so as to co-ordinate salaries to work and secure standardisation of remuneration. I have accordingly proposed revised scales of pay in the accompanying proposition statement with due regard to economy and efficiency.

I beg also to urge for the consideration of Government, the urgent necessity for limiting the Amildari recruitment to the Revenue Department, both in the interests of the public and of the Revenue Department.

ACCOMPANIMENT II.

Letter No. C. 3622, dated 12th March 1917, from the Revenue Commissioner in Mysore to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

Referring to item I (3) "Pay and Prospects of Amildars" in the abstract of discussions at the meeting of Deputy Commissioners and select Heads of Departments held at Mysore in October 1916, I have the honor to state that the claims of Amildars for higher salary and prestige by reason of their duties at once onerous and responsible are so well known to all that it is not necessary for me to dilate upon them. They are the backbone of the administration. Without their sympathy and help our various activities cannot progress far. I had occasion to refer to some phases of their work in the note that I furnished to the Secretariat on Revenue collections with D. O. No. 124, dated 11th September 1916. They are besides, responsible for the administration of Criminal Justice and maintenance of public safety and the safe-guarding of public health. I would also invite reference to the Inspection Notes of the 2nd Member of Council from March to September 1916.

The Amildar, notwithstanding the onerous addition to his responsibilities and anxieties is still getting only his old rate of pay unlike the comparatively lighter-worked officers of his status in other Departments. Munsiffs and Amildars were, for example, all along recognised as officers of equal status but now the Munsiffs have improved salaries and prospects.

Chief Superintendents of the Comptroller's office	200—15—350
Munsiffs'	200—[illegible]—400
Education Department	200—20—300 and 350
Agricultural Department	150—20—350

No. R. 944-53—L. R. 387-16-5, DATED 13TH JULY 1918.

It would be ridiculous to even suggest a comparison between the responsibilities and duties of Amildars and those of the officers in similar grades in other Departments. Not only are an Amildar's duties taxing but the qualities required in an Executive and Administrative officer are not over-plentiful among men.

I beg therefore to propose that the Amildars may be graded on Rs. 200, 250, 300 and that the minimum pay of an acting Amildar be fixed at Rs. 150. Amildars should also be granted Travelling Allowance at the same rates as officers of corresponding grades in other departments. There need be no distinction in the rates when travelling within their jurisdiction or outside.

3. Extracts from the Dewan's concluding speech to the Assembly dated 3rd November 1917, stating that on account of the complex issues involved the matter will perhaps from the subject of a special enquiry by a Commission.

Order No. R. 1115-22—L. R. 482-17-8, dated 18th July 1918.

Questions regarding the relationship of Inamdars and their tenants and the administration of Inam villages generally have formed the subject of discussion for a long time past. It has been brought up for consideration in one form or another at almost every session of the Representative Assembly from 1914. In the orders read above Government appointed special Committees to go into the questions thoroughly and submit their definite recommendations. These recommendations were also ordered to be placed before the District Conferences for discussion. The resolutions passed by these bodies on the several questions referred to them are summarised in Appendix A.

2. The investigation required for a satisfactory solution of all outstanding questions being still incomplete and with a view therefore to secure a more thorough and decisive inquiry from all points of view, Government have resolved to appoint a commission on a wider basis, and to define the exact scope and object of the enquiry. The Commission will consist of the following officers and non-official gentlemen:—

1. The Revenue Commissioner (President).
2. The Survey Superintendent and *Ex-officio* Superintendent of Inams.
3. Mr. Matthan, Deputy Commissioner, Mysore District.
4. Mr. B. Srinivasiengar, Inamdar, Anekal Taluk.
5. Mr. Budigere Gundu Rao, Inamdar, Malur Taluk.
6. Mr. K. Venkataswami Iyer, B.A., B.L., Advocate and Land-holder, Nanjangud.
7. Mr. M. N. Subbanna, B.A., B.L., Advocate and Land-holder, Mysore.

} Members

The Senior Assistant to the Revenue Commissioner will act as the Secretary to the Commission.

3. Some of the questions to be investigated are specified in Appendix B. With a view to help the Commission in its enquiry a summary of the existing rules and standing orders on the subject is furnished in Appendix C.

4. These should be carefully examined and it should be determined how far they furnish a satisfactory solution of the pending questions, in what respects they are defective, and what specific amendments are necessary. The Commission is empowered to take evidence orally as well as by means of printed interrogatories

circulated among the witnesses beforehand, and to hold the inquiry in selected representative places. The final report of the Commission should be submitted to Government by 10th October next.

APPENDIX A.

Statement of opinions on questions regarding rights and responsibilities of holders of Inam villages and their tenants and compulsory introduction of Survey and Settlement in Inam villages.

Questions referred to the Committee	Committee's resolution	Opinions of District Conferences	Sub-Committee opinion (Appointed at the April, 1917 Sessions)
Point I. Should the introduction of Survey and Settlement into Inam villages be made compulsory, and, if so, subject to what conditions?	(*a*) Resolved that the introduction of Survey and Settlement into Inam villages be made compulsory upon the consent of the owners of not less than one-half of the aggregate interest in the village, provided that the rates determined by the Survey Department shall in no case be less than the original survey valuation of the village. (*b*) Resolved further that the Kadim tenants as well as such others as have held possession paying fixed rent in cash or kind for not less than twelve years immediately preceding the date of the Government Order sanctioning the introduction of survey and settlement and also those who have derived their title in some legal manner from the inamdar, be entered as occupants.	*Tumkur District.*—The introduction of both Survey and Settlement should be made compulsory. The conditions now prevailing in Government villages may be allowed to hold in Inam villages also. The settlement, if introduced now, should be in force only for such time as would allow of the next coinciding with the next revision settlement of the whole taluk. *Bangalore District.*—Committee's resolution as to (*a*) Upheld (50 votes for and 15 against) (*b*) Not passed (39 against and (38 for) The Deputy Commissioner also not in favour of (*b*) *Mysore District.*—Should be introduced at the request of either the Inamdars (those holding more than half the total varitties sufficient) or the raiyats (consent of ¼ of the raiyats sufficient). Government should have also power to compulsorily introduce it even without the consent of Inamdars and their tenants, when such a step is considered necessary. *Hassan District.*—The majority of inamdars present are said to be of opinion that the introduction of survey and settlement into Inam villages may be compulsory, the question of the settlement of the rates being left to the Inamdars. APPENDIX A.

Statement of opinions on questions regarding rights and responsibilities of holders of Inam villages and their tenants and compulsory introduction of Survey and Settlement in Inam villages.

Questions referred to the Committee	Committee's resolution	Opinions of District Conferences	Sub-Committee opinion (Appointed at the April, 1917, Sessions)
Point I. Should the introduction of Survey and Settlement into Inam villages be made compulsory, and, if so, subject to what conditions?	(*a*) Resolved that the introduction of Survey and Settlement into Inam villages be made compulsory upon the consent of the owners of not less than one-half of the aggregate interest in the village, provided that the rates determined by the Survey Department shall in no case be less than the original survey valuation of the village. (*b*) Resolved further that the Kadim tenants as well as such others as have held possession paying fixed rent in cash or kind for not less than twelve years immediately preceding the date of the Government Order sanctioning the introduction of survey and settlement and also those who have derived their title in some legal manner from the inamdar, be entered as occupants.	*Tumkur District.*—The introduction of both Survey and Settlement should be made compulsory. The conditions now prevailing in Government villages may be allowed to hold in Inam villages also. The settlement, if introduced now, should be in force only for such time as would allow of the next coniciding with the next revision settlement of the whole taluk. *Bangalore District.*—Committee's resolution as to (*a*) Upheld (50 votes for and 15 against) (*b*) Not passed (39 against and (38 for) The Deputy Commissioner also not in favour of (*b*) *Mysore District.*—Should be introduced at the request of either the Inamdars (those holding more than half the total varitties sufficient) or the raiyats (consent of $\frac{1}{4}$ of the raiyats sufficient). Government should have also power to compulsorily introduce it even without the consent of Inamdars and their tenants, when such a step is considered necessary. *Hassan District*—The majority of inamdars present are said to be of opinion that the introduction of survey and settlement into Inam villages may be compulsory, the question of the settlement of the rates being left to the Inamdars. (The Deputy Commissioner also agrees to the above.) *Kolar District.*—Committee's resolution as to (*a*) upheld and also resolved that a farm comprising all items of information necessary for the introduction of survey and settlement be prescribed to facilitate prompt disposal of applications for introduction of survey and settlement and that settlement may be introduced in every case within a year after the survey.	Survey settlement may be introduced if all the Inamdars or owners of not less than $\frac{3}{4}$ths of the aggregate interest in the village consent to this. (Section 236 (4) has been already amended accordingly). Pattas may be issued to the Kadim tenants as laid down in Land Revenue Code and those to whom rights in lands have been given by inamdars and to thoset o whom the inamdar consents to give pattas.

R. 400-07-2, dated 11th June 1908, which treats of the obligation of inamdars to maintain the tanks in their Inam villages and of the right of Government to enforce this duty when necessary, is quite sufficient.	for the maintenance of the tank in good repair. He (Inamdar) might restore the tank wholly at his own cost. The raiyats should not be responsible for this. Government should pay ⅓rd cost of the restoration of such tanks as in the case of Government tanks. (*Deputy Commissioner's Remarks.*—Government are not liable to pay ⅓rd as they get only jodi or cess and not the Land Revenue. There should be some penalty attached by legislation to Inamdars who habitually neglect to maintain the tanks. Government may pay in Jodi villages in proportion to the jodi (*i. e.*,), if the jodi is half the assessment, pay ½th.) *Bangalore District.*—Committee's resolution upheld. *Mysore District.*—As regards annual maintenance work, when raiyats fail to do it, Inamdars should execute and recover the cost from raiyats as arrears of rent. As regards restoration the Inamdars should undertake on raiyats paying contribution as in Government, villages. If Inamdar neglects or is unable and raiyats pay the cost of restoration to Government, work to be carried out through Government Agency, the raiyats being made entitled to deduct the amount advanced out of the rent payable by them. *Hassan District.*—Not discussed. *Kolar District.*—Same as Committee's resolution.	Inam Committee's decision approved.
Point V. Who should be held responsible for contribution and water rate payable to Government on lands newly converted into wet in an Inam village from a Government source irrigation?	Unanimously resolved that the existing provision of law under which the superior holders are primarily responsible for contribution and water-rate payable to Government on lands newly converted into wet in an Inam village from a Government source of irrigation, needs no modification.	*Tumkur District.*—Superior holders to be primarily responsible but the commission payable to Inamdars on the amount of water rate collected might be fixed at 25 per cent instead of 12 per cent as now, (Deputy Commissioner's remarks.— 12 per cent appears sufficient.) *Bangalore District.*—Committee's resolution agreed to with the remark that the consent of the Inamdars should be obtained by Government before any tenant in an Inam village is supplied with water rendering him liable to pay water rate or contribution.	Inam Committee's decision approved.

		Mysore District.—Inamdars should have the right to collect from their tenants and pay Government deducting the commission. If Inamdars do not desire to undertake the responsibility, Government to have option to deal direct with the raiyats. In such cases if the land has to be sold for non-payment of water-rate, sale should be subject to the inam tenure of the land. *Hassan District.*—Not discussed. *Kolar District.*—Committee's resolution upheld.	
Point VI. What should be the terms on which inam villages may be taken under Government management?	Resolved that the existing law is alright so far as it goes and that an addition may be made to the effect that when inam villages are taken under Government management a small percentage of the collections shall be devoted to the improvement of the sanitation of the village and the maintenance of the inamdar when possible.	*Tumkur District.*—The following to be added. "If it appears at the time the village is taken under Government management that the accounts are being satisfactorily maintained and that the arrears due to the Inamdar from the tenants are clearly ascertainable, such arrears should be recovered from the tenants by Government agency on behalf of of the Inamdar." *Bangalore District.*—Committee's resolution upheld. *Mysore District.*—To be taken at the request of the Inamdar or of persons holding more than half the number of vritties. Government should hand over to inamdars the net proceeds after deducting certain percentage on account of cost of collection and management and also a certain sum for necessary sanitary and other improvements. *Hassan District.*—Not discussed. *Kolar District.*—Existing law is alright, so far as it goes. The cost of management including expenditure for sanitation shall not exceed 25 per cent of the gross receipts.	Inam Committee's decision approved.
Point VII. Should the inamdars be required to maintain any other accounts in addition to those mentioned in Rule VI of the Land Revenue Rules.	(*a*) Resolved that in addition to accounts 14 and 15 Inamdars be required to maintain khanishumari and pahani. (*b*) Resolved further that inamdars	*Tumkur District.*—The inamdars should be strictly made to maintain accounts Nos. 14 and 15 and also khanishumari in addition till survey settlement is introduced, after which all the prescribed accounts for Government villages should also be maintained in inam villages. If settled, all accounts prescribed for Government villages to be kept. *Hassan District.*—Not discussed. *Kolar District.*—(1) Register of cattle mortality, (2) Birth and Death Registers, and (3) Khanishumari should be kept in addition.	phani accounts in addition and that if Inamdars fail, help under Sections 97 and 99 to be withheld. Mr. Narasinga Rao (convener) is of Inam Committee's opinion.

APPENDIX B.

I. Should the introduction of Survey and Settlement be made compulsory in all Inam villages? Or, subject to what conditions may it be made compulsory on the motion of (*a*) Inamdars, (*b*) Tenants, and (*c*) Government?

II. In what manner are the provisions of Sections 63 to 78 of the Land Revenue Code relating to rights of occupants, etc., to be applied in the case of tenants of Inam villages into which Survey and Settlement has been introduced?

III. In what respects may Section 236 of the Land Revenue Code be amended and the provisions of Chapter VII on the rights and responsibilities of the Inamdars and their tenants made more definite?

IV. Should Rule 99 (*c*) of the Land Revenue Rules regarding the recovery of arrears of quit-rent due in Inam villages be amended, and, if so, in what respects?

V. How should the responsibilities of an Inamdar and the raiyats of an Inam village in regard to the restoration and maintenance of irrigation works, situated wholly within an Inam village, be fixed?

VI. Who should be held responsible for contribution and water-rate payable to Government on lands newly converted into wet in an Inam village from a Government source of irrigation, and what compensation, if any, may be given to Inamdars if they offer to collect on behalf of Government? Can the block system of irrigation be introduced without the Inamdars' consent?

VII. Do the existing rules in the matter of the assumption of the management of Inam villages by Government require any modification, and, if so, what?

VIII. Subject to what conditions may Inam villages be placed in the same position as *Sirkar* villages in the matter of their securing the benefits of the various measures inaugurated for rural improvement, *e.g.*, the Village Improvement Scheme, the Tank Panchayet Scheme, the Village Forest Scheme, etc., and the application of the Land Acquisition Regulation for the extension of village sites, etc.?

IX. In what other directions are changes in the existing rules or the enactment of new rules necessary to effect an improvement in the relations subsisting between Inamdars, and tenants, and to better the condition of Inam villages generally?

No. R. 1115-22-L. R. 482-17-8, dated 18th July 1918.

X. Is it necessary to have a separate regulation consolidating all the laws in force and now proposed to be enacted, making the relationship between (1) Government and Inamdars (2) Inamdars and tenants (3) Tenants and Government, more clear and definite? If so, the rough lines on which such legislation may be undertaken may be indicated.

APPENDIX C.

SUMMARY OF EXISTING RULES ON THE SUBJECT.

I. As between Government and Inamdar.

(i) Proviso to Section 14, L. R. Code, Rule 6 A, and the Orders printed at pages 193-195, 207-208 and 246 of the Revenue Manual.	Powers of appointment of Village Officers.
(ii) Section 16, L. R. Code, Rule 6, Order at page 314, Revenue Manual.	Accounts to be kept by Inamdars.
(iii) Sections 99-105 and Orders at pages 292, 297, Revenue Manual.	Grant of special powers to Inamdars under a Commission.
(iv) Section 142.	Responsibility for Land Revenue.
(v) Sections 165-169, Sections 150, 120 and Orders at pages 299-302, Revenue Manual and pages 20-21 of Supplement I.	Administration of Inam villages taken under Government management for arrears of Revenue and other causes.
(vi) Section 236, L. R. Code, and pages 535-539, Revenue Manual.	Introduction of Survey and Settlement into Inam villages.
(vii) Section 237, L. R. Code.	Effect of Survey Settlement on the holders of lands in Inam villages.
(viii) Section 238, L. R. Code.	Construction of the L. R. Code with reference to Inam lands.
(xi) Rule 33 and the orders at pages 286, 287, 322, 323 of Revenue Manual and 26 supplement II.	Liability of Inamdar to pay water-rate for water supplied from Government irrigation work and kindred matters.
(x) Rules 36 and 37.	Effect of forfeiture on Inam lands.
(xi) Rule 99 (*c*).	Vrittivar sales of Inam villages.
(xii) Chapter X, pages 599-696 and Supplement II, pages 42, Revenue Manual.	Rules and orders relating to the grant, construction, investigation, etc., of Inams generally.
(xiii) Chapter XI, II Revenue Manual, pages 709-710.	Restoration and maintenance of Inam tanks.
(xiv) Chapter XII, III, 1, 2, 3, Revenue Manual.	Loans for the improvement of inam lands.

II. As between Inamdars and Tenants.

(i) Sections 56-57—L. R. Code.	Giving of receipts by Inamdar for payment of kandayam or rent.
(ii) Chapter VII, Sections 79-111—L. R. Code.	Relations between Inamdars and tenants generally.

III. Government and Tenants.

There are no provisions of the law dealing *specifically* with the relation between Government and tenants. To some extent they are connoted in the Rules and orders dissussed under I and II *supra*. As the tenants are inferior holders under the Inamdar, the usual understanding, if not the rule, is that Government should have no direct dealing with the tenants. But there are cases on record in which Government have entered into direct dealings with tenants particularly in the case of supply of water from a Government work of irrigation to Inam lands.

The Administration Report of the Mysore Revenue Survey Department for the Survey year ending with 31st October 1917, received with the Superintendent's letter No. 202, dated 14th March 1918.

(Printed as an accompaniment.)

Order No. R. 380-9—L. S. 63-17-3, dated 4th July 1918.

Recorded.

2. The three Amildars drafted to the Department for Field Work are reported to have completed their training and been placed in independent charge of Measuring Establishments. Mr. Govinda Rao's training in classification should be expedited. The gazetted staff of the Department was further strengthened during the year under review by the appointment of two Probationers.

3. The Field Establishment was augmented by the entertainment of 84 new men. Although the total area traversed shows a decrease from 7: 0 to 327 square miles, a larger quantity of measurement work appears to have been turned out during the year under review as compared with the previous year; 43,156 fields in 435 villages having been dealt with against 38,752 fields in 389 villages. The average percentage of working days does not differ very materially from that of the previous year, being 67·52 against 68·53. The question of "*Harakath*," or time lost by non-co-operation on the part of the raiyats is engaging the attention of Government separately. The out-turn of work under Original Classification shows a decrease, only 153 fields with a total area of 768 acres in two inam villages having been dealt with against 3,185 fields with an area of 17,130 acres in ninety villages in the year previous; but good progress was made under re-classification, 35,082 fields covering an area of 78,822 acres in 630 villages having been re-classified against 20,674 fields with an area of 75,122 acres in 412 villages in the previous year.

4. Revision Settlement was introduced during the year under report in the late Gudibanda, Tarikere and Banavar Taluks, and resulted in an increase of Rs. 4,905 (or 6 per cent) Rs. 32,288 (or 23·4 per cent) and Rs. 22,177 (or 12 per cent) respectively over the previous revenue. Orders have recently been issued on the proposals for the Revision Settlement of Koppa and late Harnahalli (present Arsikere) Taluks. The proposals for the re-settlement of the Chiknayakanhalli and Nelamangala Taluks are engaging the consideration of Government.

5. The net cash expenditure incurred on the operations of the Department was Rs. 1,38,735 against 1,26,120 in the year previous. The administration of the Department was on the whole satisfactory.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st September 1918, the area, the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District.—Chitaldrug
Taluk.— Chitaldrug and Jagalur Taluks.
Area.—1,453 acres, 31 guntas or 2·28 sq. miles.
Name of block.—Guheswarangudda.

Boundaries.

North.—Starting from a point on the eastern boundary of Survey No. 103 of Kattigehalli about 5 chains south-east from the north-east corner of the said survey number, the line runs east for about 12 chains through Survey No. 102 to a point about 7 chains south-west from the southernmost corner of Survey No. 97; then south-east for about 16 chains to a point about 10 chains south-west from the westernmost corner of Survey No. 95; then again south-east for about 5 chains to a point about 6 chains south-west from the above-named corner.

East.—Then it passes south-east for about 16 chains through Survey No. 102 of Kattigehalli to a point about 7 chains south-west from the south-west corner of Survey No. 95; then south-east for about 15 chains through Survey No. 6 of Guheswaranhalli to a point about 5 chains west from the north-west corner of Survey No. 10 of Guheswaranhalli; then south for about 20 chains through Survey No 6 to a point about 7 chains south-west from the south-west corner of the said survey number; then east for about 12 chains through Survey Nos. 6 and 7 to a point about 7 chains south west from the north-western corner of Survey No. 8; then south for about 17 chains through Survey No. 7 to a point about 5 chains west from the south-west corner of Survey No. 8; then south-east for about 35 chains through Survey No. 5 to a point about 7 chains south-west from the south-west corner of Survey No. 22; then west for about 12 chains through Survey No. 5 to a point about 6 chains north-west from the north-west corner of Survey No. 223 of Chukkannanahalli; then south-west for about 5 chains to a point on the southern boundary of Survey No. 5 about 5 chains west from the abovenamed corner; then south-east for about 34 chains through Survey No. 221 of Chukkannanahalli to a point about 5 chains west from the south-west corner of Survey No. 222; then slightly south-east for about 8 chains through the said survey number to a point about 7 chains north-west from the south-west corner of Survey No. 220; then south-west for about 5 chains to a point about 6 chains north-west from the north-west corner of Survey No. 218; then again south-west for about 31 chains through Survey No. 221 to a point about 8 chains north-west from the south-west corner of Survey No. 217; then slightly north-west for about 10 chains to a point about 6 chains north-west from the north-west corner of Survey No. 179; then south-west for about 36 chains through Survey No. 221 to a point about 5 chains north-west from the westernmost corner of Survey No. 170; then again south-west for about 16 chains through the said survey number to a point about 8 chains north-west from the north-west corner of Survey No. 169; then south-west for about 10 chains to a point about 6 chains north-west from the said corner; then south for about 18 chains through Survey Nos. 221 of Chukkannanahalli and 46 of Chippanakere, to a point about 6 chains south-west from the north-west corner of Survey No. 167 of Chukkannanahalli, then south-east for about 5 chains to a point about 5 chains south from the above-named corner; then almost south for about 4 chains along the western boundary of Survey No. 167 of Chukkannanahalli to a point about 5 chains north from the south-west corner of Survey No. 167.

South.—Then the line goes in a north-westerly direction for about 16 chains through Survey No. 46 of Chippanakere to a point about 6 chains north-east from the north-west corner of Survey No 42 of the same village.

West.—Then the line continues slightly north-west for about 11 chains through Survey No. 46 of Chippanakere to a point about 5 chains south-east from the north-east corner of Survey No. 45; then north-west for about 6 chains through Survey No. 221 of Chukkannanahalli to a point about 6 chains north-east from the north-east corner of Survey No. 45 of Chippanakere; then slightly north-west for about 18 chains through Survey No. 221 of Chukkannanahalli to a point about 7 chains north-east from the north-west corner of Survey No. 45 of the former village; then north for about 27 chains through Survey No. 221 of Chukkannanahalli to a point about 6 chains east from the north-east corner of Survey No 72 of

No. R. 1021-4—Ft. 225-17-4, dated 15th July 1918.

Basthihalli; then north-west for about 6 chains to a point on the eastern boundary of Survey No. 71 of Basthihalli about 6 chains north-east from the abovenamed corner; then along the eastern and northern boundaries of Survey No. 71 of Basthihalli to a point about 5 chains east from the south-east corner of Survey No. 123 of Bidarekere; then north-west for about 20 chains through Survey No. 122 of Bidarekere to a point about 5 chains south-east from the north-east corner of Survey No. 123; then east for about 10 chains through Survey No. 122 of Bidarekere to a point about 5 chains south-east from the south-east corner of Survey No. 121 of Bidarekere; then east for about 33 chains through Survey No. 25 of Nibagur to a point about 26 chains south-east from the south-east corner of Survey No. 26 of the said village; then slightly north-west for about 51 chains through Survey No. 25 of Nibagur to a point about 13 chains north-east from the north-east corner of Survey No. 95; then again slightly north-west for about 50 chains to the southernmost corner of Survey No. 103 of Kattigehalli; then along the eastern boundary of the abovenamed survey number to meet the starting point.

Remarks.

A. The temple of Guheswaraswami in Survey No. 221 of Chukkannanahalli is treated as an enclosure with a margin of 2½ chains all round.

B. *The following rights of way are admitted within the Block* :—

Foot-path.—Six feet wide to the enclosure (Guheswaraswami temple) for use by men and cattle throughout the year:—It enters the forest in the eastern boundary of the block at a point about 5 chains west from the north-west corner of Survey No. 179 of Chukkannanahalli, runs north-west and north for about 43 chains through Survey No. 221 and reaches the enclosure.

2. *Cart-track.*—Twelve feet wide leading from Chippanakere to Basthihalli for use by men, cattle and carts, throughout the year:—It enters the forest in the southern boundary of the block at a point about 6 chains north-west from the north-east corner of Survey No. 47 of Chippanakere and runs north-west for about 19 chains through Survey No. 46 and quits the forest in the western boundary of the block at a point about 5 chains south-east from the north-east corner of Survey No. 45.

Letter No. 569, dated 6th February 1918, from B. Basavaradhya, Esq., B.A., B.L., Forest Settlement Officer in Mysore, Bangalore, to P. Raghavendra Rao, Esq. B.A., B.L., Revenue Commissioner in Mysore, Bangalore, through the Deputy Commissioner, Chitaldrug District.

I have the honor to report on the conclusion of the Settlement of Guheswarangudda block in Chitaldrug District.

The initial Notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on pages 829-830 of the English issue of the *Mysore Gazette*, Part I, dated 2nd November 1916, and the Notification under Section 5 of the said Regulation, was issued by me on 22nd November 1916 and the same published on pages 923 to 926 of the Kannada issue of the *Mysore Gazette*, Part II, dated 30th November 1916. The proclamatory Notifications were got served on the villagers concerned through the Amildars of Chitaldrug and Jagalur Taluks.

The locality was inspected and the line perambulated by me in company with the District Forest Officer, Chitaldrug on 9th, 10th, 11th and 12th September 1917. Eighteen claims to miscellaneous rights were preferred to me during the enquiry.

Out of this, 11 claims were fully and 2 partly admitted and the rest rejected.

In addition to the above, I have admitted 2 rights of way and treated the temple of Sree Guheswara Swamy as an enclosure as I found that these were necessary for the villagers.

Deputy Commissioner, Chitaldrug District says in his Docket No. D. Dis. 379—17-18, dated 22nd December 1917 that no appeals have been preferred to him against my decision.

The following records are herewith submitted :—

(i) "B" Register.
(ii) "C" do
(iii) Boundary Notification.
(iv) Sketch Map.
(v) Topo tracing.

The date from which the reservation is to take effect may kindly be inserted in the draft boundary Notification.

1	Karibasappa, Patel of Kattigehalli	10-9-1917	Prays for the exclusion of survey number 102 from the block for the use of the villagers	..	This being unfit for cultivation and the only one number taken for the block need not be given out to the villagers	Only kharab land of 218 acres 23 guntas is taken for the forest when allowing the usual margin where this line touches the cultivation lands about 30 acres are excluded The gomal of the village is intact and is 92 acres 12 guntas which is more than ample for the village cattle which are only 248 in number including 21 goats.	.....	...
2	Basappa, Patel of Nibagur	do	Requests that survey number 25 which is the only land for the use of their village, may be left for their own use	..	..	The only kharab lands available in the village are, tank 59 acres 12 guntas. Toddy grove (49 acres 17 guntas) and miscellaneous kharab (67 acres 21 guntas). These are practically useless for grazing purposes The only gomal survey number 25 of this village is proposed to be taken It is (482 acres 18 guntas). If the whole is taken, the village cattle will be seriously inconvenienced. I have therefore shifted the line so as to leave about 195 acres out of the said gomal for the use of the village cattle.	.....	...
3	Venkataramanna, Shanbhog of Nibagur on behalf of himself	do	Begs that an area of (20 acres) in survey number 26 for which he has given Darkhast and orders said to have been issued for sub-dividing it may be excluded from the block and also an area of 19 acres 10 guntas) in the North-Western portion of survey number 25 which has been granted him for cultivation (*vide* Saguvali Chit dated 16-2-1916, may also be excluded	..	As survey number 25 is the only one taken from this village it may not be given for cultivation. Besides an extent of (9 acres 10 guntas) in the North-west portion has already been given out, no more land can be set apart for cultivation	These two lands have been already excluded by the change of the line made for leaving 195 acres to the villagers.	.....	
4	Gurusidappa, Patel of Bidarkere	do	Prays for the exclusion of survey number 112, the only land taken from their village.	...	This is only (17 acres 33 guntas) classed as kharab bordering cultivation on 2 sides. The area taken will be about half the extent as a margin of 110 yards will have to be left out. Besides no gomal from this village is taken and so this number may be reserved for the Forest.	Survey number (112) a kharab land is only (17 acres 33 guntas) out of this the cultivation margin left will come to about 10 acres so only a very small portion is taken and that is not the gomal land and the village cattle are not inconvenienced to any appreciable extent.	..	..

	Murigappa, Patel of Basthihalli	8th Aug. 1917.	States that survey number 71 which is the only land for their cattle to graze in the village should be excluded from the forest.	...	The Zig-zag western portion of survey number 71 to an extent of 15 acres may be given out for cultivation and the demarcation line taken straight from the South-east corner of survey number 71 to the South-west corner of survey number 122 of Bidarkere	The village has no gomal nor any kharab except survey number 71 in which the cattle can graze. It is rather unfair to deprive the village of its only pasture. Survey number 71 is therefore entirely left for the village cattle.	... ..	...
	Hanumappa, Resident of Hallehal	...	Says that he has purchased about 15 acres in survey number 71 of Basthehalli but the sale was set aside on account of the land being included in the proposed block and begs for its exclusion	...	.....		.....	...
7	Narappa, Patel of Hallehal.	Do ...	Prays for the exclusion of survey No. 71 of Basthihalli as the people of Hullehal cultivate the lands and pay a kandayam of nearly Rs. 600.	.....	.. ...	*Vide* Decision to claim Nos. 5 and 6.	.....	
8	Bheemiah, Patel of Chippankere.	Do ...	Begs that the survey No. 46 which is proposed for the block should be excluded from the reserve.		Only survey No. 46 which is unsuitable for cultivation is taken and this may be retained for forest.	Survey No 46 which is only 33 acres 8 guntas is the only land proposedby the Forest Department. In allowing the cultivation margin to the lands around it about 17 acres are excluded. The cattle of the village are 295 including about 59 calves and 110 sheep and 40 goats. The gomal survey No. 53 containing 158-19 will afford ample pasture for the cattle.	.....	
	Forest Settlement Officer.	.....	.....	.....	... ..	A cart-track 12 feet wide from Cheppankere to Basthipalli is admitted for use throughout the year by men cattle and carts.		
9	Kariannappa, Patel of Chukkannahall.	Do ..	(1) Says that survey Nos. 221 and 222 are quite necessary for the villagers and so should be excluded. (2) Survey Nos. 169 and 179 have been since given out for cultivation to Gundappa and Somiah respectively.	.....	Survey Nos. 169 and 179 being already in holding may be left out. Survey No. 221 contains the bill being useless for the requirements of the villagers	As survey Nos. 222 and 167 are surrounded on three sides by cultivation. Only small bits are left after allowing the usual cultivation margins and as such it is not worth much especially when they form

Both the above numbers are therefore exclued. To allow cultivation margins for survey Nos. 223, 220, 218, 217, 179, 170, 169 of Chakkannanahalli and 45 of Chippankere 72, 73 and 74 of Basthipalli the line is changed. There is still 642 acres 11 guntas of Gomal and 347 acres 15 guntas of kharab which is more than ample for 986 cattle 408 sheep and 282 goats.	.....
						(2) Survey Nos. 169 and 179 have been granted by the Revenue authorities for cultivation in the year 1913 only. The District Forest Officer also concedes that they may be left out. They are accordingly excluded from the block.	
	Forest Settlement Officer.	.....	.....	.....	.....	The temple of Guheswaraswami will be treated as an enclosure with a margin of 2½ chains all round.	.....
						A foot-path 6 feet wide is allowed for the devotees of the temple to go to the temple as noted in the map through survey Nos. 179 and 180.	.....
10	Thammaniah *bin* Gundappa ...	.....	Prays for the exclusion of survey number 169 of Chukkannanahalli as he has obtained it for cultivation.	.....	.....	*Vide* Decision to claim number 9 (2).	.....
11	Somiah *bin* Somiah ..		Prays for the exclusion of survey number 179 of Chukkannanahalli as he has obtained it for cultivation.	.....	.....	.....	.....
12	Hanumanthappa Patel of Guheswaranahalli		Says that 4 survey numbers have been newly formed and given over for cultivation in survey No, 5 and the people of Thornghatta have no other land except these for their cattle and so survey Nos. 5 and 6 may be excluded from the block.	.....	This is a becharak village and hence deserves no consideration.	Survey number 5 is one of the kharab lands of this village which has been proposed to be taken for this State Forest. Out of this survey number 4 small bits (survey numbers 20 to 23) now made into seperate numbers have been since granted for cultivation. For survey number 20 the Saguvali chitwas issued on 16th October 1915 (Exhibit C) and for numbers 21 to 23 the saguvali chits have been issued on 30th November 1916. The date of publication of the proclamation under Section 5 of the Forest Regulation is also 30th November 1916. Therefore the provisions of Section 6 of the said Regulation do not apply and those grants are not invalid. They are therefore recognized and these numbers are accordingly excluded from the proposed Forest Guheswaranhalli is a Becharak village and there are still 82 acres 32 guntas of kharab land in which the cattle of	.....

17	Sannasiddappa, Patel of Thoranghatta ..	12—9—1917	Stating that some of the villagers of Thoranghatta cultivate the lands in Guheswarahalli and they want survey numbers 5, 6 and 7 for their use and the same may be excluded from the block as they have no gomals in Thoranghatta. In case they are included in the block, free grazing and permission to bring 4 head loads of Bandarike fuel per house per week freely from the State Forest may be granted	.....	As no land is taken from this village their claim for the lands in Guheswarahalli does not hold good.	The villagers of Thoranghatta claim certain grazing rights in this village There are no gomal lands in that village and if they are grazing their cattle in these kharab lands they must have been doing so because it was beharak and no one to question any tresspassers. This will not necessarily give them any right to the grazing lands of Guheswarahalli. They also admit in their petition that they are grazing their cattle in a number of other villages as well as in the forests by making the usual payment. No land has been taken for this forest from Thoranghatta village. I therefore consider that their rights are not proved and they are entitled to no consideration. They also pray that survey Nos. 5 and 7 should be left for them for purposes of cultivation. The evidence of Shanbhog Ramanna shows that these lands are lying unoccupied for a number of years This shows that there was no demand for cultivation lands up till now, and it seems to have arisen only because the Forest Department wants them for forest. I therefore doubt the genuineness of the desire to expand cultivation now. Their prayer is therefore rejected. To give cultivation margin to Survey Nos. 11, 10, 8, 20, 21, 22 and 23, the line is slightly altered. B. BASAVARADHYA, Forest Settlement Officer. 7th March 1917.	... ..

Order No. 1792-802—L. B. 120-17-11, dated 31st July 1918.

In order to improve the work turned out by vaccinators in districts, Government in their order of the 9th March 1918 read above, approved of the transfer of the control, over the vaccination establishment, to the District Boards, subject to the continuance of the professional advice and scrutiny of the Sanitary Commissioner. Government hoped that with the transfer of such control to them, the District Boards would be agreeable to the cost of the establishment being debited to their funds, and their resolutions were accordingly invited in this matter.

2. All the District Boards except those of Kolar and Bangalore have agreed to bear the charges on account of the pay and allowances of vaccinators from District Funds. The Kolar District Board, however, agree to pay only the moiety of the charge while the Bangalore District Board express their inability to meet the charges at present.

3. At present, the Local Fund share of vaccination charges consists only of the pay of the peons attached to the Deputy Inspectors of Vaccination. In view of the fact that the income of the District Boards has, to an appreciable extent, been augmented by the assignment of Mohatarfa and Local Fund General and as the majority of the District Boards have agreed to meet the pay and allowances of vaccinators from District Funds, Government are pleased to direct that these charges be met from District Funds with effect from 1st July 1918.

Backward Scholarships.

No. 102-50—Edn. 42-17-120, dated 3rd July 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 2200-50—Edn. 42-17-3, dated the 29th August 1917, approving the draft rules for the apportionment of funds among the several districts in respect of scholarships for backward classes.

2. Letter No. 27724—988, dated the 18th May 1918, from the Inspector-General of Education in Mysore, reporting that certain backward communities were not given a single scholarship during the year 1917-18 by reason of the strict application of the rule on the basis of population in accordance with para 6 of Government Order No. 8940-90—Edn. 96-16-12, dated 8th May 1917, and requesting Government for the modification of the said rule.

Order No. 102-50 -Edn. 42-17-120, dated 3rd July 1918.

Government note that the statement contained in the opening sentence of Inspector-General's letter, *viz.*, "that certain backward communities, a list of which is herein enclosed, were not given a single scholarship during the year 1917-18, because on strict application of the rule on the basis of population in accordance with para 6 of Government Order No. 8940-90—Edn. 96-16-12, dated 8th May 1917, they were found to be ineligible," is not correct. Many of the communities included in the list sent by the Inspector-General were entitled to scholarships on the strict population basis.

2. Government are of opinion that in the cases of very small communities it is not possible to reserve scholarships for their benefit in the way suggested by the Inspector-General without interfering with the numbers to which the larger communities are entitled.

3. Taking the backward classes population of the whole State it is found that one scholarship will be available for every 3,548. Government are of opinion that for the purpose of scholarships for which the whole State is the unit area, it will be right to treat all communities having a population of less than this number as one community and to allot to this group of communities its proportionate number under the rules. For scholarships for which the district and taluk are the unit area, a similar principle should be applied, *viz.*, all communities for which on the population basis strictly applied even one scholarship will not be admissible should be combined and this combined group allowed the required number on the population basis.

4. The rule referred to in para 3 above may be taken as one which should be generally followed as far as possible. The University Council and the Inspector-General of Education in the case of 1st and 2nd grade scholarships, respectively, the District Committees in the case of 3rd grade scholarships and the Taluk Progress Committees in the case of 4th and 5th grade scholarships should however be at liberty to use their discretion to depart therefrom for recorded reasons considered adequate by them. Doubtful cases should be referred to Government for decision.

Government Notification No. 4056—Edn. 13-17-6, dated the 18th October 1917, extending the operation of the Elementary Education Regulation to the case of girls in the cities of Bangalore and Mysore with effect from 1st July 1918.

2. Letter No. *21072—743, dated the 25th February 1918, from the Inspector-General of Education in Mysore, submitting proposals for working out the scheme.

*Printed as annexure.

Order No. 671-4—Edn. 3-17-44, dated 22nd July 1918.

In connection with the Compulsory Education of boys, Government observed in their Order No. 3627-30—Edn. 57-14-5, dated 30th March 1915, that new schools need not be opened in all cases and that as far as practicable existing schools should be improved and expanded and that the starting of aided schools should be encouraged. This principle should be adhered to in working out the scheme of Girls' Compulsory Education also.

2. The Inspector-General of Education is authorised to sanction the opening of new schools or grants to aided schools as need arises and to obtain the formal sanction of Government within three months of starting the school, new or aided. The Comptroller is also authorised to admit the charges incurred by the Inspector-General of Education under this order for a period of three months in each case in anticipation and pending the formal sanction of Government. The relaxation of the grant-in-aid rules so as to admit of grants being given up to two-third of the cost is also sanctioned for a period of three years.

3. As regards the improvement of the existing schools and the opening of new schools, Government are pleased to sanction the following scales of expenditure as a standard to be adopted :—

I Grade.		Rs.
Head Mistress	...	30 per mensem
Assistant Mistress	...	25
Do	...	20
Do	...	15
Two special teachers	...	15 each
Rent	...	40

Assistant Mistress	...	15
Rent	...	20
Peon	...	7
Two Conductresses	...	6 each
Contingency	...	2
For free supply of slates and books	...	4
Total	...	85

4. The first grade should be applied in the case of schools with an average attendance of over 120 pupils and the second in the case of schools with an average attendance of less than 120 subject to the condition that the ratio of one teacher for thirty students is not exceeded in any institution. Whenever the number in attendance requires additional staff the Inspector-General of Education may entertain the necessary staff subject to the scale detailed above, the sanction of Government being obtained thereto within three months. The Comptroller may admit the disbursement of pay of the additional staff for a period of three months in anticipation of Government sanction.

No. 671-4—Edn. 3-17-44, dated 22nd July 1918.

5. The cost incurred under this order should be met by reappropriation of grants in the Education Budget for 1918-19.

ANNEXURE.

Letter No. 21072—743, dated 25th February 1918, from C. R. Reddy, Esq., M.A., Officiating Inspector-General of Education in Mysore, to P. G. D'Souza, Esq., B.A., B.L., Secretary to the Government of His Highness the Maharaja of Mysore, Education and Agriculture Departments.

With reference to Government Order No. 4056—Edn. 3-17-5 of 18th October 1917 extending the Scheme of Compulsory Education to girls in the Cities of Bangalore and Mysore with effect from 1st July 1918, and calling for proposals in respect of additional schools and establishment required for working out the scheme, I have the honor to report that the Presidents of the two Municipalities have been requested to arrange for the collection of the census of girls as required under the Rules. The work has been taken in hand and the actual figures are expected to be ready by the end of next month. Further the Presidents have been requested to reserve as many sites as possible with a view to construct school buildings thereon as funds permit. Steps have also been taken to advertise for the large number of teachers required and for rented houses suitable for holding schools.

2. As the result of a preliminary investigation conducted by the Department, it is found that about 1,000 girls in Mysore City and 2,800 girls in Bangalore City of compulsory ages are not attending any of the schools. Detailed information regarding the number of existing schools, the number of girls between 7 and 10 to be provided for, the probable number of new schools required and the localities where the new schools are to be opened is given in the appended Statement No. I.

3. As will be seen from the appended Statement No. II, the additional cost that will have to be incurred in both the Cities comes up to Rs. 50,000 per year roughly, exclusive of the cost of special supervision which may be required hereafter and of the sum required for school furniture and other equipment. Provision has been made in this calculation for special teachers to teach music and needle work and for cart-hire in respect of Urdu Girls' Schools.

Two grades of schools will, in general, be opened with the following scales of pay:—

I Grade		Rs.		II Grade		Rs.	
Head Mistress	...	30		...	...	25	
Assistant Mistress	...	25		...	...	15	
Do	...	20					
Do	...	15

Contingency	...	4		...	...	2	
For free supply of slates and books	...	10		...	...	4	
Total	...	200 per mensem		...	...	85 per mensem	

4. It is requested that permission may be kindly granted to include a sum of Rs. 60,000 in the next year's budget for expenditure in connection with the introduction of the compulsory education of girls in Bangalore and Mysore Cities of which 10,000 will be availed of for furniture and appliances.

No. 671-4—Edn. 3-17-44, DATED 22ND JULY 1918.

5. It is also requested that the Inspector-General of Education may be permitted to incur expenditure in anticipation of Government sanction and to sanction grants to Aided Schools up to ¾ of the total cost in the case of Girls' Schools in Compulsory Education areas, in the same manner as he has been empowered to sanction grants in the case of Boys' Schools by Government Order No. 3627-30—Edn. 57-14-5 of 30th March 1915.

2. On a careful consideration of all the requirements of the University during the current year, Government are pleased to fix the grant to the University for 1918-19 at seven lakhs. The estimated balance on 1st July 1918 of the University Fund being Rs. 2,14,000, the total amount at the disposal of the University for expenditure will be Rs. 9,60,755 as detailed in the margin.

	Rs.
State grant	7,00,000
Estimated balance on 1st July 1918 ...	2,14,000
Income from all other sources ...	46,755
Total	9,60,755

No. 741-2—Edn. 223-17-9, dated 24th July 1918.

3. The provision on account of the "Law College" and the "University Press" may be omitted as the institution of the Law Faculty has been postponed, and the question of organizing the press may be taken up later on. Government consider that a more vigorous policy in regard to the 'extension' and 'publication' departments is necessary, and are therefore of opinion that the provision under each of these heads may be increased by Rs. 5,000. The provision on account of 'buildings' and the 'Engineering College' may be suitably reduced so as to bring the total expenditure of the University during the year within the amount at its disposal.

4. Subject to these observations, the budget estimates of the University for 1918-19 are passed, as per details in the statement appended.

ENCLOSURE.

Note accompanying the Budget Estimates of the Mysore University for 1918-19.

1. The opening balance for 1918-19 has been arrived at on the basis of the actual closing balance for 1916-17, the estimated receipts for 1917-18 and the estimated expenditure during 1917-18.

2. (*a*) Provision has been made for certain additional items not yet sanctioned by Government as detailed in the appended statement.

(*b*) The following items have been omitted in the Budget of 1918-19.

A. Maharaja's College.

1. Assistant Professor of History on Rs. 175.
2. Lecturer of History on 75—10—125.
3. Kannada Pandit on 30—3—45.
4. Lump sum grant.

B. Central College.

5. Professor of English on 500—50—1000.

3. The lump sum provision of Rs. 1,300 under "Colleges" is intended to give effect to Government Order No. 8619-20—Edn. 8-17-90, dated 27th February 1918, regarding revision of the scale of Pandits and Munshis.

4. Increased provisions under "Stationery" and "Examinations" are considered necessary, the former to meet the high prices of stationery articles, and the latter on account of increased number of students appearing for the different examinations next year.

5. In order to give effect to the scheme of District Stipends necessary provision has been made under "Arts Scholarship," a sum of Rs. 7,000 expected from local bodies by way of contribution being shown under receipts.

6. The proposed provision on account of construction and repairs is only apparently inflated According to the "Draft Scheme" the University should have been in possession of new buildings worth nearly seven lakhs by this time; but, so far, a sum of only 3,37,003 will have probably been spent by the Public Works Department by the end of June next; moreover, a sum of Rs. 2,54,000 out of the proposed grant is on account of buildings already commenced.

7. The expenditure on account of the "Oriental Library" has been included in the University Budget in accordance with Government Order No. 4566-8—Edn. 69-14-4, dated 10th November 1917, and provision has been made for a whole-time Curator on Rs. 300 per month.

Unsanctioned items for which provision is proposed in the Budget of 1918-19.

Subject No. 128 of the Second Session of the Representative Assembly of 1917 regarding Special Vacation for Malnad Schools

2. Correspondence ending with letter No. 25130—891, dated the 20th April 1918 from the Inspector-General of Education on the subject.

Order No. 440-2—Edn. 170-16-4, dated 15th July 1918.

The Inspector-General of Education reports the practice prevailing in British India in this respect and recommends that the following vacations may be granted for the different kinds of schools in the malnad tentatively for a period of three years —

(i) Anglo-Vernacular and Taluk Vernacular schools to be held in the mornings during summer for a month from the 2nd week of April, and a vacation of one month to be given during the monsoons from the 2nd or 3rd week of July instead of five weeks in April and May.

(ii) Village Elementary schools to be held in the mornings during summer for a month as usual from the 2nd week in April along with the Anglo-Vernacular and Taluk Vernacular schools. The Village Elementary schools which have no summer vacation at present may be granted a vacation of one month from the 2nd or 3rd week of July as in the case of Anglo-Vernacular or Taluk Vernacular schools, in which case the teachers of these schools will not be entitled to privilege leave on full pay.

(iii) No Christmas holidays to be given (except to Christian teachers and pupils) in any of the schools in the malnad.

2. The recommendations of the Inspector-General of Education are sanctioned. The Inspector-General is requested to report at the end of one year how the arrangement has worked.

Order No. R. 1269-80—Agri. 67-17-4, dated 19th July 1918.

In their Order No. R. 246-63—Agri. 3-16-3, dated 6th July 1916, Government have issued detailed instructions for the compilation and publication of the Season and Crop Report, with the review of Government thereon. According to that order, the Revenue Commissioner is responsible for the compilation of the Report. Neither the Order No. G. 15508-58—G. M. 635-17-1, dated 17th May 1918, appointing the Director of Statistics in Mysore, nor that of the 6th June 1918 read above, was intended to relieve the Revenue Commissioner of this responsibility; the only change contemplated by these orders being the transfer of the publication of the Report with the Government review from the Revenue Branch of the Secretariat to the newly constituted Statistical Branch, under the Director. The Revenue Commissioner should therefore forward the future reports to the Director of Statistics, not later than the 31st October following the year to which the report relates, so that he may be able to publish the report with the review, before the end of December.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 3752—321, dated 29th December 1917, from the Officiating Director of Industries and Commerce in Mysore forwarding a proposition statement for the revision of the scale of the establishment of the Government Weaving Factory.

2. Correspondence ending with letter No. 4017—355, dated 9th January 1918, from the Director of Industries and Commerce in Mysore, forwarding with remarks the report of the Commercial Auditor on the accounts of the Weaving Factory for the year ending with 30th June 1917.

Order No. 523-8—I. & C. 47-16-22, dated 17th July 1918.

The Government Weaving Factory which was established in 1912, has, during a period of little over five years, been able to accomplish a great deal of preliminary work of a useful character. High class silk and lace goods are now being manufactured on a commercial scale. The returns from the factory have shown a steady increase, and during the year 1917 the factory has been able to show some profit. One thousand seven hundred and forty-six improved looms yielding an increase in the output of about 5 lakhs of rupees per annum are reported to have been introduced. Demonstration and propaganda work has been carried on in almost all the important weaving centres of the State and improved methods of weaving have been introduced in many of these places. A large number of weavers were admitted into the factory itself and given higher training in weaving. These results though satisfactory have not produced any marked development or improvement in the industry as a whole or in the economic condition of the weavers.

2. The Director who was requested to submit a comprehensive scheme for the further development of the factory has not, apart from a recommendation that two power looms may be fitted up for weaving saries, made any detailed proposals, either for improving the work of the factory proper or developing the demonstration and other educative work in the districts on a large scale.

3. Government are pleased to indicate below the lines on which the work should be conducted in future.

4. The work of the factory falls under the following four heads:—

(i) Factory proper as a purely commercial concern.
(ii) Experimental work for introducing new patterns or methods.
(iii) Higher training of weavers in the factory.
(iv) Practical demonstration work in the villages.

5. The report of the Commercial Auditor, on an examination of the accounts maintained in the Factory, and a subsequent inspection of the Factory have revealed the following defects in the management of the institution and the maintenance of accounts therein:—

(*a*) From the beginning accounts of the Factory proper have been mixed up with those of demonstration and experimental work, in spite of the directions contained in Government Order No. G. 4942-4—G. M. 67-13-149, dated 3rd January 1914 and Government Order No. 7714-5—A. & I. 55-14-13, dated 30th June 1916. It is found that even after the examination of the accounts by the Commercial Auditor no distinction was observed between the work of the Factory proper and demonstration, experimental and educational work done by the factory.

(*b*) Treasury drawings and remittances are not shown separately for the Factory proper and the demonstration section.

(*c*) The Cash abstract book is not properly maintained. All the registers continue to be maintained on the old system which has led to much confusion.

(*d*) The stock book of raw materials is not properly written up.

(*e*) A general ledger and a personal ledger for credit purposes are not maintained.

(*f*) It is difficult to check the valuation of the stock on hand and of finished goods. No definite principle is followed in giving credit for the price of finished goods in the accounts so far as the actual *cost price or the sale price* of the articles manufactured is concerned.

(*g*) Cheques for payments to be made by the Factory have in certain cases been issued by the Comptroller on behalf of the Director of Industries and Commerce instead of by the Director himself.

(*h*) The cash at the disposal of the Factory has been utilised for other than authorised purposes.

(*i*) The outstandings of the Factory are heavy, the amount at the end of December 1917 being Rs. 12,300-11-0.

(*j*) Weaving Demonstrators have been allowed to deal with large sums of money varying from Rs. 500 to Rs. 1,000.

It is clear that the above defects are mostly due to the absence of proper differentiation between the working of the factory proper and the experimental and demonstration sections of the factory and partly also to the want of a proper system of accounts.

Government direct that from the 1st July 1918, separate accounts should be maintained for the factory proper, the expenditure under items (ii) and (iii) (indicated in para 4) being shown under a separate sub-head under (i) and the demonstration work (item iv), independently by itself the amounts drawn from and remitted to the treasury for the two purposes being shown separately.

6. It is also understood that the commercial development of the factory is greatly impeded by the insufficiency of looms, by want of a separate whole-time staff, by the existing looms being frequently idle owing to irregular supply of labour and other causes. There are also various directions in which the work of the factory might be extended such as by introducing power-looms, weaving, dyeing, wool weaving, blanket manufacture, silk throwing and twisting.

7. In regard to demonstration and practical work carried on in association with the people, the efforts made by the Department though fairly successful, so far as the introduction of improved applinces is concerned, have not yielded any appreciable results either as regards the manufacture of a new class of goods with a bigger margin of profit or the bringing of the weavers into touch with the larger markets. The causes mainly are (i) the inadequacy of the staff and the want of a definate programme of operations, and (2) the want of a proper agency to get into touch with the weavers to supply them with yarn and help them to market their goods. The principal taluks in the State in which the weaving industry forms an important occupation of the people should be formed into convenient groups and placed in charge of an Inspector or Demonstrator. Itinerant parties should be established which can go from village to village at regular intervals explaining methods, inviting criticisms, helping the weavers to market their produce and to obtain for them good yarn at reasonable prices. Villages having not less than 40 looms may be selected as centres for work and arrangements made with the assistance of the Registrar of Co-operative Societies to organise Weavers' Unions, Co-operative Societies or Joint Stock Companies to help the weavers to obtain funds for purchasing raw materials and to work up a market and take up new lines of work when any old line ceases to yield a reasonable profit. The Textile Assistant should in future be chiefly employed in developing weaving in the district, the factory proper being placed in direct charge of a Superintendent subject to the general supervision and control of the Textile Assistant. Arrangements should also be made, through the Commercial Section of the department, to maintain correct statistics of production in the whole State and the value of imported

goods every year from other parts of India to put the weavers into touch with new markets and organise their resources in an efficient manner. With a view to enable the weavers to acquaint themselves with new methods and patterns a small museum should be attached to the Central Weaving Factory as a counter-part of its sales depot, containing a representative set of appliances and articles including samples of goods turned out locally, of hand loom goods imported into the country and such other imported goods as may be easily replaced by articles of local manufacture. A sum of Rs. 2,000 may be spent for the equipment of the museum.

8. A detailed scheme on the lines above indicated should be prepared and submitted to Government by the Director of Industries and Commerce within two months. The scheme should embrace the following points:—

(i) Provision of a suitable building in a central locality in Bangalore or Mysore for locating the factory, the commercial sections of the factory being all brought together in order to ensure proper supervision.

(ii) Steps required to develop the factory by adding power looms for cotton, silk and wool weaving, dyeing house, the whole to be worked on commercial lines.

(iii) Establishment of a workshop and stores for the manufacture and supply of looms, loom parts and other weaving accessories.

(iv) Opening a trades' school for training weavers in higher weaving and imparting instruction in business methods to them in connection with the factory.

(v) Publication of correct statistical information relating to the weaving industry in all its branches in the State.

9. Government are pleased to revise the establishment attached to the factory and sanction additional establishment as detailed in the Appendix, the total cost involved being Rs. 11,052 per annum and to sanction the continuance of the weaving factory and the establishment till the end of June 1919. The fresh appointments sanctioned will be made from the 1st July 1918, only candidates that have obtained diplomas of the Victoria Technical Institute of Bombay being appointed to the posts of the Superintendent, Weaving Inspectors and Jacquard Assistant. The new demonstrators should be men with experience. The extra cost involved will be met from available funds in the current year's budget of the Industries and Commerce Department.

10. As regards the provision of funds for working expenses the procedure indicated in Government Order No. 6332-3—I. & C. 141-17-3, dated 5th January 1918, for drawing money and for rendering accounts seems to afford necessary facilities but, should experience show that further facilities are needed, suitable proposals may be sent up to Government. The Director is requested to arrange with the Comptroller for the preparation of proper registers and forms of accounts to be maintained in the factory without any further delay, after approval by Government.

11. A separate report on the working of the Weaving Factory should in furture be submitted to Government every quarter and the work done in the Commercial and Demonstration sections should be separately given and correct profit and loss accounts relating to the working of the two sections should accompany the report. If the factory is properly worked, the profits should be sufficient to cover a considerable portion of the expenditure on demonstration and other work.

The Government Industrial Depot.

No. 573-4—I. & C. 36-17-8, dated 18th July 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 6870-586, dated the 15th April 1918, from the Director of Industries and Commerce submitting the Profit and Loss Account and the Balance Sheet of the Industrial Depot as they stood on the 31st December 1917 and suggesting that the Depot may be made a permanent institution of the Department of Industries and Commerce.

Order No. 573-4—I. & C. 36-17-8, dated 18th July 1918.

The Industrial Depot was organised under Government Order No. G. 3437-41—G. M. 55-12-249, dated the 11th November 1913, with the object of making the work of the Mysore artizans better known to the public and affording them opportunities for adapting their handicrafts to modern requirements.

2. Though the measure has resulted in stimulating the production of articles of skilled workmanship, Government observe that the manner of working the Depot leaves much to be desired. In the first place, the accounts of the transactions of the Depot are far from satisfactory, considering the irregularities brought to notice in the Commercial Auditor's reports. The explanation of the officials responsible for these defects should be obtained and arrangements made at once to rectify the irregularities and to ensure the proper maintenance of accounts in future on strictly commercial lines. Adequate security should also be obtained from the Manager of the Depot, commensurate with the responsibility of his charge. Secondly, it is observed that the Depot has not been able to develop into a self-supporting concern. This result is attributable in some measure to the restricted scope of its activities. With a view to improve the financial stability and to enhance the usefulness of this institution, Government direct that the Depot should be brought into touch with similar institutions in and outside India and a business relationship established with them on a reciprocal basis so that local workmanship may be widely advertised, opportunities for its further improvement created and new handicrafts introduced into the State.

3. The Depot has now the services of one Draughtsman and two Master artizans for preparing new designs and training local men in certain useful handicrafts. The Director requests that the number of the Master artizans be raised to four so that a larger number of handicrafts may be developed. The appointment of two additional Master artizans on Rs. 60 per mensem is approved. The four Master artizans will be employed respectively in developing sandal-carving, inlay work, metal work and enamelling. The extra cost should be met by re-appropriation.

4. The Director is requested to submit comprehensive proposals for improving the system of accounts of the Depot and enlarging the scope of its activities on the lines indicated above, together with a report on the following points:—

(*a*) The monthly recurring charges,
(*b*) Anticipated gross receipts of the Depot,
(*c*) Net profits, and
(*d*) General Organization.

In the meantime, the institution will continue on a temporary basis for a further period of one year from the 1st July 1918.

No. Fl. 100-149—G. F. 5-18-1, dated 9th July 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 100-149—G. F. 5-18-1, dated 9th July 1918.

Government have received representations from several Heads of Departments praying for the grant of grain compensation allowance to low paid Government servants in Bangalore and other parts of the State on account of the extraordinary rise in the prices of the necessaries of life. Government consider the representation as reasonable and are accordingly pleased to sanction the following rules for the grant of grain compensation allowance with effect from the 1st June 1918:—

(1) All whole time officials and menials of Government whose pay does not exceed Rs. 30 per mensem and who do not get any such allowance under Departmental rules will be entitled to this concession;

(2) The scale of allowances will be as in Article 72, Civil Account Code (Volume I), ragi being considered as the common staple food-grain;

(3) The area for the application of the test prices for calculation of grain compensation allowance will be the taluk;

(4) The period for which the grain compensation allowance is admissible will be one month at a time;

(5) Orders will be passed in regard to the establishment in each taluk, in the Finance Department of Government;

(6) The extra cost in each Department included in the groups Moral and Material Development and Civil works will be sanctioned as additional grants and met out of their balances and in respect of the others in which there are not sufficient balances, the extra cost should be met by readjustment of the allotments provided for in the draft budget for 1918-19.

Grant of Grain Compensation Allowance.

No. Fl. 345-94—G. F. 5-18-2, dated 17th July 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. Fl. 100-149—G. F. 5-18-1, dated 9th July 1918, sanctioning certain rules for the grant of grain compensation allowance, and observing that separate orders will be issued in regard to the establishment of each taluk from time to time.

Order No. Fl. 345-94—G. F. 5-18-2, dated 17th July 1918.

As the price of ragi has been at less than 12 seers per rupee in parts of the Mysore, Shimoga, Kadur and Chitaldrug Districts, Government are pleased to sanction *for the month of June 1918*, an extra allowance at the following rates in the taluks mentioned in the appended list to all wholetime officials and menials whose pay does not exceed Rs. 30 per mensem and who do not get any such allowance under departmental rules:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem Rs. 2 per mensem

(ii) To those drawing a pay not exceeding Rs. 16 per mensem Re. 1.

2. When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring the aggregate pay and allowance to Rs. 6 per mensem.

3. The allowance is admissible to men who are officiating or in temporary employment and also to piece-workers in the Government Press, provided that they are drawing rates of salary which have been fixed with reference to normal circumstances; but the allowance is not admissible to men absent on leave or under suspension or to part-time servants who are only engaged by Government for specific duties which do not prevent their earning money in other ways. In the case of men drawing overtime allowances, such allowances should be taken into account in determining their pay for the purpose of this order.

4. The Comptroller to Government is requested to intimate the amount of expenditure involved in the grant of these allowances under each major head of account.

No. Fl. 213-62—G. F. 13-17-17, dated 13th July 1918.

Letter No. S. A. 1021, dated 7th June 1918, from M. N. Krishna Rao, Esq., B.A., Comptroller to the Government of His Highness the Maharaja of Mysore, to Rajamantrapravina Dewan Bahadur J. S. Chakravarti, Esq., M. A., F. R. A. S., etc., Secretary to the Government of Mysore, Financial Department.

There is some misapprehension in regard to the procedure to be followed in drawing advances sanctioned from the State Provident Fund. Some present bills for advances at the Treasury and there have also been cases in which advances have been paid from office imprests. That all payments from State Provident Fund require preaudit is being overlooked in many cases. There is also no uniformity in the procedure adopted for final withdrawals. These causes have led to much avoidable correspondence and also delay in payments from State Provident Fund. I have the honor therefore to propose for the approval of Government the following additions to Rules 9 and 10. The connected forms are also proposed, one for payments under Rule 9 and another for payments under Rule 10 of the State Provident Fund Rules.

(1) *A sub-para under Rule 9.*—Applications for withdrawals under these rules should be in Form No. S. P. F. 6 and they should be sent to the Comptroller who will audit and arrange for payment.

(2) *A sub-para under Rule 10.*—Applications for advances under this rule should be in Form No. S. P. F. 5 and they should be sent to the Comptroller who will audit and arrange for payment.

Government Order No. Fl. 4157-8—G. F. 124-17-2, dated 8th February 1918, empowering the Comptroller to appoint any one of his Assistants as Joint-Secretary and Member of the Insurance Committee.

2. Letter No. 7418, dated 14/18th March 1918, from the Secretary, Insurance Committee, forwarding, for orders of Government a note by the President of the Insurance Committee, suggesting the reconstitution of the Committee and the grant of privilege to the policy holders of the Public Branch to elect a member to the Committee among themselves to represent their interests.

3. Letter No. R 1039, dated 1st April 1918, from the Comptroller urging for reasons stated that the Government Order No. Fl. 4157-8—G. F. 124-17-2, dated 8th February 1918, should not be modified.

4. Letter No. 8714, dated 20th April 1918, from the Secretary, Insurance Committee, forwarding copy of Resolution No. 1 of the Mysore State Life Insurance Committee passed in the Meeting held on the 12th March 1918, and requesting to obtain orders of Government reconstituting the Insurance Committee on the lines suggested in the said Resolution.

Order No. Fl. 289-333—G. F. 149-17-4, dated 16th July 1918.

Government observe that the practice of appointing members to serve on the Insurance Committee is not at present uniform. Some members of the Committee are appointed *ex-officio* and some by name. Moreover under the existing arrangement adequate representation of all the important departments in the State on the Committee is not always secured.

2. Government are therefore pleased to reconstitute the Committee as follows:—

The Financial Secretary, President.

Ex-officio Members.

1. The Chief Secretary.
2. The Revenue Commissioner.
3. The Inspector-General of Police.
4. The Chief Engineer.
5. The Excise Commissioner.
6. The Inspector-General of Education.
7. The Senior Surgeon.
8. The Conservator of Forests.
9. The Comptroller, *ex-officio* Member and Secretary and one of the Gazetted Assistants to the Comptroller, *Ex-officio* Member and Joint-Secretary.

3. As regards the Joint-Secretary and *ex-officio* Member of the Committee to appoint whom the Comptroller is now authorised, it has been pointed out that it is not correct in principle that one of the members should be appointed by a subordinate authority. Government are inclined to give due weight to the representation and are pleased to order in modification of the order of the 8th February 1918 read in the preamble that the appointment of Joint-Secretary and Member should be made by Government on the recommendation of the Comptroller.

No. Fl. 289-338—G. F. 149-17-4, dated 16th July 1918.

4. To infuse greater confidence in the mind of the public as regards the operations of the Committee in the Public Branch and to make that branch of business more popular the Committee proposes to give the Policy-holders in the Public Branch the privilege to appoint some of them to be associated with the work of the Committee as members. As these nominees of the subscribers of Public Branch will not take any part in the deliberations of the Committee when dealing with business of the official branch of State Life Insurance, Government see no objection to accept the Committee's proposal. As proposed by the Committee the number of elected members will be one for every 500 Policy-holders.

All necessary further action may be taken by the Insurance Committee in this matter.

Government Order No. G. 6770-1—G. M. 166 13-44, dated the 25th February 1914, permitting the Director of Industries and Commerce to draw from the Treasury, in lumpsum, the loans sanctioned for Agriculture and Industrial purposes, and to open a deposit account in the Mysore Bank for keeping the sums so drawn pending their disbursement to the borrowers in instalments or their utilisation in purchasing and setting up the machinery required by the borrowers as the case may be.

2. Letter No. Loans 311, dated the 15th May 1918, from the Comptroller to Government pointing out that the procedure authorised by the Government Order of 1914, contravenes a fundamental rule that no money should be drawn from the Treasury until it is actually required for payment, and requesting a reconsideration of the said order.

(Printed in extenso as annexure.)

Order No. Fl. 582-3—G. F. 223-17-2, dated 27th July 1918.

Government do not consider it desirable to continue the exceptional procedure sanctioned in the order read above and they direct that in future no money should be drawn by the Director from the Treasury till it is actually required for payment to the payees concerned.

2. The Director should arrange to close the deposit account in his name in the Mysore Bank at an early date and render full accounts to the Comptroller.

3. Details for the sum of Rs. 7,895-5-7, refunded to the Treasury when the account in the name of Mr. Chatterton was closed will be called for and the matter separately examined in the Administration Department of Government. The Comptroller is also requested to examine the details of the account and submit a report to Government.

Annexure.

Letter No. Loans 311, dated 15th May 1918, from the Comptroller to the Government of His Highness the Maharaja of Mysore, to the Secretary to the Government of Mysore, Financial Department.

I have the honor to invite reference to Government Order G. 6770-1—G. M. 166-13-44, dated 25th February 1914, authorising the Director of Industries and Commerce to open a deposit account in the Mysore Bank for keeping the amounts of loans drawn from the treasury for borrowers who prefer to accept condition No. II (1) of Form 3 appended to Government Order No. G. 2097-145—G. M. 55-12-239, dated 2nd September 1913, and to entrust to the Department of Industries and Commerce the work of setting up the machinery bought for them.

2. According to this order, Mr. Chatterton opened an account in his personal name, and closed it when he handed over charge of the office of the Director of Industries and Commerce to Mr. V. Rangaswami Iyengar, who has opened a new account in the name of the Director of Industries and Commerce. A sum of Rs. 7,895-5-7 was refunded to the treasury when the account in the name of Mr. Chatterton was closed. A statement showing the transactions with the Bank, resulting in a balance of this amount was called for from the Officiating Director and he has written to say that he is unable to furnish details as no account is available in his office. The account was earning interest on monthly minimum balances for sometime and on daily balances thereafter. As details of the account are not available, it cannot be ascertained what interest was allowed by the Bank and how it was disposed of.

3. Under Rule 4 of the Rules sanctioned in Government Order No. G. 2097-145—G. M. 55-12-239, dated 2nd September 1913, where a loan amount is expended by the Department of Industries and Commerce, interest is payable by the borrower only from the date on which the machinery is put in working order by that department and the borrower is put in possession of the same. Whatever interest is earned in the meantime on the amounts deposited in the Mysore Bank is creditable to Government.

4. Where the amount of a loan is to be expended on behalf of a borrower by the Director, there is no reason why the whole of it should be drawn from the treasury and kept in a Bank. In such a case, the amount not immediately required for purchase of machinery is not payable to the debtor nor has the debtor to pay interest on it before the machinery is set up and possession of it is made over to him. The money not required for payment should remain at credit of Government and cannot be withdrawn for being kept in a Bank. It is a fundamental rule that no money should be drawn from the treasury until it is actually required for immediate disbursement. The treasury resource operations are all calculated on this important rule and no departure from it should be permitted. The present Director wants the existing procedure to be continued and I send a copy of his letter on the subject. He states that the arrangement of depositing in the Mysore Bank the loans drawn in single instalments, is convenient in paying by means of Bank drafts, for purchases made. There can be no difficulty or delay in obtaining funds when payments have to be made. Hundreds of payments outside the State on behalf of the different departments are being arranged for by this office and it cannot be urged that payments for purchase of machinery for borrowers of these loans alone require a special arrangement and cannot be made by following the usual procedure obtaining in all the departments.

5. The procedure permitted by Government Order No. G. 6770-1—G. M. 166-13-14, dated 25th February 1914, is as extraordinary as it is unnecessary. I request a reconsideration of the order in the circumstances explained above.

1. Government Order No. Fl. 5197-246—G. F. 112-17-5, dated 26th March 1918, constituting a Finance Committee for considering the draft budget.

2. Government Order No. Fl. 6245-52—G. F. 112-17, dated 19th April 1918, sanctioning certain alterations in the draft budget on the recommendation of the Finance Committee.

3. Consolidated provisional estimates for 1918-19, with the Memorandum and the Financial Statement presented to the Representative Assembly in April 1918.

4. The Comptroller's Note on the 3rd Edition and his final review thereon, dated 19th June 1918.

Order No. Fl. 652-701—G. F. 184-17-4, dated 30th July 1918.

The provisional budget estimates prepared for the year 1918-19 and modified as per recommendations of the Finance Committee were presented to the Representative Assembly on the 22nd April 1918, and were discussed by that body. These estimates with a memorandum thereon embodying the changes subsequently effected in them were also discussed by the Legislative Council on the 28th and 29th June 1918.

2. Government are now pleased to accord formal sanction to the estimates as finally prepared by the Comptroller in accordance with the several orders of Government issued in the matter.

3. (i) *Revised, 1917-18.*—The revised estimates show that the revenue and expenditure for the year 1917-18, under service heads which according to the budget aggregated Rs. 2,95,27,000 and Rs. 2,95,12,000 with a surplus of Rs. 15,000 stand revised at present at Rs. 3,09,11,000 and Rs. 3,07,64,000, respectively, leaving a surplus of Rs. 1,47,000.

(ii) The revised estimates show an increase of Rs. 13,84,000 under revenue and an increase in expenditure chargeable against revenue to the extent of Rs. 12,52,000.

(iii) The increase on the revenue side appears chiefly under the heads, Land Revenue (Rs. 75,000), Forest (Rs. 2,48,000), Excise (Rs. 1,74,000), Railways (Rs. 2,39,000), and Sandal Oil Factory (Rs. 8,43,000), counterbalanced by a decrease chiefly under Assigned Tract Revenue (Rs. 1,50,000), and Krishnarajasagara Works (Rs. 56,000).

(iv) The chief items of individual increases under the departmental heads of expenditure are Forest (Rs. 1,10,000), Miscellaneous (Rs. 58,000), Civil Works (Rs. 3,24,000) and Miscellaneous Railway expenditure (Rs. 71,000). These increases are more than counterbalanced by decreases shown under several heads, the chief of which are indicated below :—

	Rs.
Direct Demands on Revenue—	
Land Revenue	69,000
Charges against Mining Revenue	80,000
Protection and Army—	
Police	1,27,000
Army	1,32,000

No. Fl 652-701—G. F. 184-17-4, dated 30th July 1918.

Public Works—	
Irrigation works charged to revenue	3,91,000
Moral and Material Development—	
Education	4,06,000
Agriculture	82,000
Industries and Commerce	1,08,000
Grants for Public Improvements	2,68,000

(v) The revised estimate under capital outlay not chargeable against revenue is Rs. 48,17,000 against the budget estimate of Rs. 80,92,000, showing a lapse of Rs. 32,75,000.

4. *Budget, 1918-19.*—The budget estimates for the year 1918-19 as finally prepared are for a revenue of Rs. 2,98,33,000 and an expenditure of Rs. 2,97,92,000 under service heads, leaving a surplus of Rs. 41,000. The capital outlay not chargeable to revenue is estimated at Rs. 93,13,000.

5. This order with a revised explanatory memorandum explaining the details of the estimates as they now stand, the general statement of receipts and disbursements, the general abstract of revenue and expenditure, the general abstract of receipts and disbursements and the statement showing the financial results of productive capital works will be published in an extraordinary issue of the *Mysore Gazette*.

2. Note dated 1st February 1918, of the Huzur Secretary, stating that the order No. Fl. 3682 3—S. & A. 355-07-2, dated 27th January 1908, prohibiting ordinary travelling allowance to Officers in receipt of staff allowances is applicable only to cases where the Officers travel in attendance on His Highness in special trains, and that the usual travelling allowances under the Mysore Service Regulations or at least a single first class fare may be given in addition to their staff allowance when they travel in attendance on His Highness in ordinary trains to places in British India other than Ootacamund.

Order No. Fl. 29-31 - S & A. 85-17-3, dated 3rd July 1918.

In Government Order Nos. Fl. 3682-3—S. & A. 355-07-2, dated 27th January 1908, and Fl. 1201-5—S. & A. 14-14-37, dated 9th September 1915, in which certain staff allowances in lieu of ordinary travelling allowance are sanctioned to officers on the personal staff of His Highness the Maharaja, it is declared that such officers will be permitted to draw travelling allowance under the ordinary rules in addition to staff allowance only in the rare cases when they are deputed on duty otherwise than in attendance on His Hisghness, to places in British India other than Madras or Ootacamund.

On a careful consideration of the matter, Government are now pleased to direct that the order of 1908 be modified so as to allow officers on His Highness' staff ordinary travelling allowances in the case of journeys by *ordinary* trains outside the State except to Ootacamund only, no deduction in the staff allowance being made for the days spent on such journeys.

Circular Order No. 5112-20—132, dated 6th December 1887, directing that savings of Muzrai Institutions from Government Tasdik allowances or small receipts consisting of "Kanikes" should not be deposited in Government Savings Bank.

2. Government Proceedings No. 2065-74, dated 28th January 1904, directing that all collections and receipts of Muzrai Institutions from whatever source they may accrue, must in the first instance be remitted to the Treasury with a view to their being credited to the funds of the respective institutions, money required for expenditure being drawn on separate bills previously sanctioned by competent authority.

3. Subject No. 197, brought up at the Second Session of the Representative Assembly of 1917, praying that funds belonging to Muzrai Institutions be allowed to be deposited in the Government Savings Bank and in Co-operative Societies.

Order No. 298-308—Muz. 608-16-2, dated 22nd July 1918.

Rule 16 of the Savings Bank Rules has consolidated the existing orders on the subject which permit of Puduvat Funds of Muzrai Institutions and moneys deposited for repairs of a temple or for provision of a car being invested in Savings Bank, while savings from Government Tasdik allowances or small receipts consisting of "Kanikes," etc., may not be so deposited. Though income from land endowments has not been expressly mentioned, in practice, savings from this source have also come to be so excluded.

2. This restriction has been felt as a hardship to the Muzrai Institutions and the matter was brought up for re-consideration at several meetings of the Dasara Representative Assembly. Having given the subject their full consideration, the Government are of opinion that inasmuch as these institutions are legal persons capable of holding property, there is no sufficient reason why the surplus funds at their credit should not be permitted to be invested in the Government Savings Bank, irrespective of the source from which the income is derived. It is, however, necessary to guard against any misuse of the facility and to see that the amounts proposed to be deposited are real savings and with this view the following rules are laid down.

(1) All Puduvat Funds and moneys deposited for repairs of a Muzrai Institution or for provision of a car or other convenience for its benefit may freely be deposited in the Savings Bank heretofore.

(2) No moneys which form a portion of the current income of an institution should be paid into a Savings Bank account.

(3) Only real savings found at the close of a year after final adjustment of income and expenditure will be permitted to be deposited in a Savings Bank.

(4) A certificate from the manager of the institution to the effect that the amount tendered is the actual savings for any particular year should accompany each tender.

(5) No withdrawal from any Savings Bank account standing in the name of a Muzrai Institution should be permitted without the countersignature of the Amildar and even then not more than once in six months.

No. 298-308—Muz. 608-16-2, dated 22nd July 1918.

(6) Withdrawals should be permitted only with the sanction of Government in the Muzrai Department for any of the following objects, the number and date of the Government Order being cited on the withdrawal receipt for audit purposes :—

(*a*) Constituting a puduvat fund for the performance of a specified service from the interest of the money.

(*b*) Effecting permanent improvements or additions to the buildings, grounds, equipment, etc., of the institution.

(7) No Savings Bank account should be opened in the individual name of any institution for any amount less than Rs. 100 and when the minimum balance of an institution goes below this limit, the account will be liable to be closed, the balance being transferred to the Taluk Muzrai balance.

(8) No individual deposit of less than Rs. 5 or from any person other than the accredited manager will be accepted.

3. The Comptroller is requested to make suitable alterations to Rule 16 of the Savings Bank Rules.

Spent-wash from the Government Distillery at Bangalore.

No. 1476-82—P. W. 8069-75, DATED 5TH JULY 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT.

READ—

Correspondence ending with letter No. 2909—W. 68-18, dated 18th April 1918, from the Superintending Engineer, Southern Circle

Order No. 1476-82—P. W. 8069-75, dated 5th July 1918.

The liquid waste from the Government Central Distillery at Bangalore was a source of public nuisance to the southern and western extensions of the Bangalore City. To lead off the refuse to a distance by means of pipes, an estimate was sanctioned in Government Order No. 1962-8 10413-9, dated 16th November 1914, for Rs. 17,660 and work carried out accordingly.

2. Though the refuse from the Distillery was conveyed by means of pipes to a distance, the nuisance still continued, as the waste water in the Pantherkatte tank in which the pipe line was dropped stagnated over a broad area and emitted a strong noxious smell.

3. A further capital expenditure of about Rs. 1,790 was therefore sanctioned for the treatment of the spent-wash dropped in the Pantherkatte, by spreading it over land and allowing it to be absorbed Under this scheme, a 5-acre plot of ground has been divided into 7 blocks and all the waste of each day is turned on by rotation to each of these blocks, so that each block gets its turn once in seven days. It is found that all the waste is absorbed by the ground before the next morning and no offensive smell is felt in the vicinity.

4. The method of treatment referred to above was started on the 15th August 1917 and is found to work satisfactorily. It is therefore proposed that it should be continued. The Superintending Engineer has accordingly submitted, for the approval of Government, a statement showing the staff employed, an annual maintenance estimate for the year 1918-19 and a set of rules for the efficient working of the system. The maintenance estimate, which itself gives a statement of the staff employed, and the rules referred to are approved and appended hereunto.

5. The annual maintenance charges, including those incurred during 1917-18, should be debited to the Excise Department.

6. The Executive Engineer, Sanitary Division, should be held responsible for the proper maintenance of the system and he should submit a half-yearly report about it to Government within fifteen days after the expiry of every half-year. The first report should be for the half-year ending 30th June 1918.

Rules to be attended to in the treatment and disposal of the Distillery spent-wash on lands near Pantherkatte.

1. The manhole A, shown on plan, which is made lower than the invert of the pipe line so as to act as a silt trap, should be cleared daily, so that no solid matter will enter the pipe line. The sludge accumulating in the pit B, which is connected to A, should be cleaned frequently.

2. The manhole along the pipe line should be examined at least once in two days to see if it is not choked up and the flow is free, full and rapid. Obstruction to free flow must be removed at once.

3. The contour channel at the end of the pipe line should be kept clear of silt and the sides should be strengthened wherever it runs in embankment, the slopes being turfed. All pools formed in the channel should be filled. The rubbish removed from the manholes or the channel should not be left in a heap, but spread in a very thin layer and, if possible, a layer of fresh earth may be sprinkled over it. The catch water drains on the upper side of the channel and the superpassages for storm water should be cleared of silt and kept in action before the monsoons. They require frequent looking into after heavy showers also.

4. The main and distributary channels at the outfall should be kept trim and clean and each day's liquid must be confined to one block only in rotation. The liquid must be made to spread evenly over the whole block, any irregularities in the block being touched up then and there. All pools should be filled and levelled.

5. Any liquid that flows into the catch drains at the end in a crude state should be removed by hand and sprinkled over the adjacent land. The object is that pools should not be allowed to form and the liquid should not be allowed to enter the stream in a crude state without being first treated on the land.

6. It may be noted that 15 acres of land forming Survey No. 69 of the Avalahalli village are taken on lease on a rental of Rs. 30 per annum and divided into three blocks of 5 acres each, which is treated by rotation once in three years. Out of this, one block only is available for treating the spent-wash and the remaining two will be in the sole possession of the owner. So, in the month of May, the block that is under treatment should be handed over to the owner and the next block taken from him for the coming year's operation and prepared in a way similar to the old block.
